FRIENDLY (?) GESTURE—This is how the site of the collapsed Puerto Suello railroad tunnel may look soon if Mayor John F. McInnis carries out an idea he proposed to the San Rafael City Council last night. Independent-Journal artist Jack Lucey "erected" the sign the mayor suggested on I-J, photo of the scene.

Churchill Has Bad Night

LONDON (AP) — Sir Winston Churchill's doctor said today there had been no further deterioration in the former prime minister's condition.

Churchill's physician, Lord Moran, had been called to Churchill's bedside at 2:10 a.m. and spent five hours there. He reported shortly after 7 a.m. that Churchill had spent a very restless night and his condition had deteriorated.

At 11:45 a.m., the 82-year-old physician issued this bulletin after another visit to his patient:

"In the four hours since the last bulletin, there has been no further deterioration."

A spokesman for the British Medical Association had said after the early morning bulletin that he thought "for the next two days things would deteriorate rapidly."

Moran's midday bulletin was the 10th issued since the 90-year-old statesman suffered a stroke last Friday. None has reported any improvement, and most have told of a gradual slackening of Sir Winston's hold on life.

Commenting on the earlier bulletin, the medical association spokesman said:

"I think one must view with a good deal of concern that it was necessary for Lord Moran to stay during the night. I think there must have been extreme anxiety about his condition. This is even worse than we have had all the time."

Lady Churchill, 79, was near her husband's bedside, comforted by their youngest daughter, Mary, wife of former Cabinet minister Christopher Soames.

As tension rose in the wake of Lord Moran's unexpected visit, a crowd of some 200 including newsmen from many countries waited through the night outside the house at No. 28 Hyde Park Gate.

SAN RAFAEL TIRES OF TUNNEL WAIT

Can Advertising Get NWP Moving?

By BRYCE W. ANDERSON

The City of San Rafael may help to advertise the "friendly Southern Pacific"; but the "friendly Southern Pacific" may not like it.

Mayor John F. McInnis last night proposed the advertising campaign, which wouldn't cost the railroad a penny (directly, anyhow).

It might be a way, he suggested, to get some action on restoring main line service of the Northwestern Pacific (an S.P. subsidiary) to San Rafael.

Less than a month after the Puerto Suello railroad tunnel partially collapsed in a fire on July 20, 1961, the NWP applied to the Interstate Commerce Commission for permission to abandon the line.

The city, with some help from the county and a few shippers, fought the application before the ICC and through Federal District ourt and the U.S. Supreme Court.

The city won every time. But the railroad has done nothing toward restoring service.

Last night, Public Works Director Norris M. Rawles reported the State Division of Highways plans only an "interim six-lane second phase of widening of Highway 101 through San Rafael — and that two years hence — because of the dispute over the railroad.

Since court victories don't seem to help in getting the railroad restored, another approach might be tried, suggested the mayor.

Why not, he asked, try advertising?

His idea of advertising would be a big billboard at the tunnel site, saying, "This eyesore is in the middle of our city by courtesy of the Friendly Southern Pacific."

"Maybe we could bring some TV cameramen over to take pictures of it," he mused. "If they want to advertise how friendly they are, let's help them. I'd like to advertise from coast to coast just how friendly the Southern Pacific is to a city like San Rafael."

Present in the audience were Mr. and Mrs. Rudolph Schwartzer, who have their own troubles with the railroad because the tunnel collapsed beneath an apartment house they own, leaving it uninhabitable.

They promptly offered to let the city put the billboard on their property.

Supervisors Fire Three On Plans Commission

Mrs. Azevedo Again To Serve As Member

The Marin County Board of Supervisors today replaced three members of the county planning commission who had refused to submit their resignations.

All other members of three commissions that had been asked for blanket resignations were left in office, with the single exception of a member of the parks and recreation commission who has moved out of his district.

The replacements came after the board voted down 3-to-2 a motion by Supervisor Ernest N. Kettenhofen to reconsider the policy of asking mass resignations.

Supervisor Thomas T. Storer, who earlier had supported the demand, voted with Kettenhofen.

Dropped from the planning commission were Henry C. Hankins, from Storer's Fourth District; Edward K. Wachsman, from Supervisor Byron W. Leydecker's First District, and George Scott, from Supervisor Peter H. Behr's Third District.

EXPIRATION DATES

Hankins' term would not expire until April 20, 1967; Wachsman's, not until April 20, 1966, Scott's would expire April 20 of this year.

All three had refused to resign, although Scott said he considered he had been dropped when the board asked him to submit a resignation. He did not attend yesterday's planning commission meeting.

Named to replace them were: Hugh Dougherty of Stinson Beach to replace Hankins.

REPLACES SCOTT

Mrs. Margaret Azevedo of Tiburon, to replace Scott. Mrs. Azevedo is a former planning commissioner. She resigned in 1959 to go on a world tour and was replaced at that time by Felix M. Warburg, then a resident of Belvedere. Warburg subsequently was appointed to an at-large position on the commission after he moved to Ross.

Harry Heifetz, San Rafael land developer, to replace Wachsman.

The only commissioner resigning who was replaced was James Fletcher on the parks and recreation commission.

LEYDECKER MOTION

Named in his stead, on motion of Leydecker, was Lothar Salin of San Rafael.

Leydecker said Fletcher had moved from the First District.

The board made no move to replace any member of the personnel commission, whose chairman, Julius Selinger, joined chairman Niels Schultz Jr. of the planning commission in urging that the board abandon the mass-resignation policy.

Four votes are required to remove a member of the personnel commission. Only three are necessary on the others.

In each case, however, the appointments was by unanimous vote on motion of the supervisor in whose district the commissioner resides.

Planning commissioners were voted on one by one. Retained in office were Schultz, Dr. William

San Rafael Halts Filling Beyond Levee

The City of San Rafael will allow no more bay filling beyond the San Rafael Canal levee, at least until adoption of the city's general plan.

City councilmen served notice of that last night after Public Works Director Norris M. Rawles disclosed he had received applications for putting 710,000 cubic yards of fill in the bay.

GENERAL PLAN

Rawles was instructed to reject both applications. Mayor John F. McInnis, with the council concurring, instructed City Atty. David Menary Jr. to draw up a resolution forbidding all fill beyond the levee pending completion of the general plan.

McInnis said Daniel P. Coleman and William Spangle, who prepared the general plan, expect to have revisions ready for the city council's Feb. 1 meeting, and a final hearing on the plan can be set thereafter. Proposals for control of filling the tidal lands in the original plan drew heavy fire from the public.

The council also agreed to inform the county board of supervisors that San Rafael would be interested in participating with the county and the Marin Conservation League in buying up tidal lands to hold them from development.

TWO APPLICATIONS

Councilman Louis H. Baar noted that the county will participate with Tiburon in purchasing some such lands. "We should let them know we would like to do the same with some of our off-shore lands," he suggested.

The two applications both came from outside Marin County. James Fischgrund of Beverly Hills asked a permit to place 420,000 cubic yards of fill in bay tidal lands. Darrel Edwards of Oakland sought permission to place 290 cubic yards. Both projects would be southeast of San Rafael Cayes.

Rawles estimated today such a quantity of fill would probably create 15 to 20 acres of new land in the bay.

BOARD ACTS FOR TRAFFIC SAFETY

Greenbrae Mothers Demand Immediate Measures After Deaths Of Sisters

Marin County supervisors moved today to eliminate traffic hazards at a Greenbrae intersection where two sisters were killed by a car while walking to school last week.

A contingent of about 20 mothers from the Greenbrae area urged the supervisors to take immediate action for the safety of school children.

"We have no intention of stopping short of our goal. Our childen's lives are at stake," said Mrs. H. J. Kinn of 314 North Almenar Drive.

Supervisor Ernest N. Kettenhofen said he had a petition from 71 residents urging safety measures.

Supervisors authorized construction of a guard rail along the sidewalk "in the area of most danger," and agreed to consider hiring a fulltime county traffic engineer.

They also agreed to consider reducing the speed limit from 45 miles to 25 miles per hour on Sir Francis Drake Boulevard between Eliseo and Bon Air roads, and promised to seek cooperation from the California Highway Patrol and sheriff's office for patrols at school hours.

Kettenhofen, who recommended hiring a traffic engineer, said the county must con-

Parachute Found In Jet Engine

WICHITA, Kan. (AP) — Brig. Gen. Murray A. Bywater said today a parachute was found in one engine of the wreckage of a jet tanker which crashed Saturday in Wichita, killing 30 persons.

He said the chance was "extremely remote" the chute contributed to the accident.

Bywater is in charge of the Air Force investigation into the crash.

Engine experts confirmed that the chute was attached to the engine when the engine was pulled out of a hole in the street after the crash. They did not say how it was attached, or whether it was a complete chute.

They said it was found in the same hole with the bodies of crewmen, other parts of the aircraft and its equipment, including a tool kit.

Bywater said he checked with experts at the Oklahoma City Air Materiel Area about the parachute.

"The fact that this parachute is attached to the jet engine, it's their (the experts) preliminary opinion that its contributing to the cause of this accident is extremely remote."

Negroes Arrested Entering Courthouse

SELMA, Ala. (UPI)— Dallas County Sheriff James Clark arrested at least 36 Negroes today when they attempted to enter the courthouse in a voter registration drive launched by Dr. Martin Luther King Jr.

"You're all under arrest," Clark told 30 of the Negroes as they prepared to enter the building by the front door.

Clark and his helmeted deputies began the wholesale arrests as a second group of Negroes converged on the courthouse while King sat in a car across the street.

King led one group on the courthouse earlier and then left when he was confronted by the sheriff and his deputies. The arrests were in sharp contrast to Monday, when the Negroes were allowed to walk to the courthouse in groups.

Negro leaders said earlier they had received intelligence reports that Sheriff Clark was prepared to impose severe restrictions on the integrationists today.

More than 100 white spectators stood near the courthouse watching the sheriff and his deputies arrest the Negroes.

Negroes have protested that they would refuse to stand outside in the alley waiting to be called into the registrar's office, as they did yesterday in 30-degree weather.

Shortly before the Negroes began moving on the courthouse, a Municipal Court judge dismissed charges loaded against a member of the American Nazi party who appeared in blackface at a restaurant to harass Negroes during the integration drive yesterday.

Judge Edgar Russell dismissed the charges of disturbing the peace but strongly lectured Robert A. Lloyd and said the self-styled Nazi was "actually a lit fuse ready to go off" when he appeared at the restaurant.

Lloyd, 20, of Richmond, Va., invaded the House chamber of Congress on opening day Jan. 4, his face blackened and dressed in stove-pipe hat and ministrel outfit. Shouting "I'ze the Mississippi delegation."

Rain Clouds Sneak Back

Rain clouds sneaked back over Marin above a thick blanket of fog last night, and began a slow drizzle before dawn.

By mid-morning, San Rafael registered .03 inches, and traces were reported in Novato and other Marin County points. The fog again closed Marin County Airport at Novato last night and this morning.

Weather forecasts call for drizzle and light rains through tonight, with snow flurries in the mountains, followed by clearing tomorrow.

Protection Sought For Attorneys

Federal protection has been asked for 50 Bay Area lawyers, including nine Marin residents, who have volunteered to go to Mississippi to help unseat the state's five members of the House of Representatives.

Two Marin men, Alvin H. Goldstein of Sleepy Hollow and Benjamin Dreyfus of Mill Valley, were among five attorneys who left early today for Jackson, Miss., to start taking sworn testimony concerning cases in which Negroes were deprived of the vote.

The request for their protection was addressed to acting U.S. Atty. Gen. Nicholas Katzenbach by Rep. Phillip Burton (D-San Francisco).

Recalling "the violent events of last summer in Mississippi," Burton asked that the Justice Department assign extra U.S. marshals and Federal Bureau of Investigation agents to protect the attorneys and those from whom they take testimony.

The local lawyers will be joined by attorneys from other parts of the country. Each is assigned to stay from a week to as long as it takes to get the job done.

Each delegation will cover a congressional district. The Bay Area group is assigned to the Fourth district, which includes Neshobe County, scene of much recent violence.

Three more, larger groups will fly south during the next two weeks.

Marin men who will be in these groups are Robert Della Valle of San Anselmo, Robert Plath and Douglas P. Ferguson of Sausalito, and Martin J. Rosen, Arnold M. Greenberg and Theodore W. Rosenak of Mill Valley.

$20-Million, Five-Year Plans Get Hearing

By ALAN CUNNINGHAM

About 60 citizens spent two hours with the Marin County Board of Supervisors last night in the first of what Chairman Peter H. Behr predicted would be a long series of hearings on the county's proposed five-year, 20-million-dollar capital improvements schedule.

Chief topics were road projects, new classrooms for the mentally retarded, the proposed new Manzanita School at Marin City, and the 11-million-dollar hall of justice at the Civic Center.

If supervisors feared they would get embroiled in controversy over the hall of justice, which county officials have proposed be financed largely through a bond issue, they were pleasantly surprised.

Instead, the most lively discussion centered around two items related to education, particularly the question of whether the county should go along with a plan to help provide two extra classrooms for the mentally retarded at Granada School in Tiburon's Reed School District.

The tentative five-year plan includes $33,000 for construction of two such classrooms in southern Marin, as well as four more in two other parts of the county. The county schools office has asked that another $3,000 be added, saying this would permit four, instead of two, classrooms at the Tiburon school.

Chairman Behr said this sounded somewhat like a "two-for-the-price-of-one plus-one-cent sale," but County Administrator Alan Bruce and his assistant, John F. Barrows, voiced objections.

Barrows read a letter saying the county might have no legal basis for supporting two extra classrooms, since they would

Severe Cold Wave Hugs East Coast

By ASSOCIATED PRESS

A severe cold wave hugged the Atlantic Coast today, sending cool air into normally balmy Florida where part of the vegetable crop was ruined.

In an unusual turn-about, Scottsbluff, Neb., established a record for Jan. 18 yesterday with a mild 62.

The midwinter chill pushed temperatures well below freezing across northern Florida and down to the low 40s even in the far south. Tallahassee, in the north, registered a low of 23 and it was 43 at Miami.

The Midwest was struck with near-zero weather and officials in Indiana struggled to recover from a 12-inch snowstorm that virtually paralyzed the state over the weekend.

Wicked weather in central and southern Florida damaged the state's sugar cane, but 45 per cent of the 229,000 acres had been harvested. Dade County was hardest hit, losing 30 per cent of its tomato crop, 60 per cent of the pole bean crop and 80 per cent of the squash crop.

Citrus fruits escaped with superficial damage, officials said.

The cold struck north along the Atlantic Coast, sending temperatures to zero and below.

The mercury was below zero in Atlantic City and elsewhere in New Jersey.

Skies cleared in the Northwest, but airplanes and residents had a rough day Monday. Motorists had trouble finding their way home in northern Utah valleys because of fog. Visibility at Salt Lake City airport has been zero since early Sunday.

Johnson Threat Letter Disclosed

CORPUS CHRISTI, Tex. (AP) — Federal authorities disclosed the basis yesterday for a complaint charging a Minneapolis traveling salesman threatened the life of President Johnson.

They said Everett DeHarpporte, 58, sent a Jan. 12 letter from Corpus Christi to Dr. Jesse Barron of Minneapolis which said in part:

"Johnson killed John Fitzgerald Kennedy . . . Have made arrangements to keep my mother away from radio and television because I'm going to kill the dirty skunk."

DeHarpporte, arrested last week, waived a formal hearing after the letter was read. He was returned to jail in lieu of $50,000 bond.

Estes Is Finally Put Behind Bars

ABILENE, Tex. (AP) — Federal authorities put Billie Sol Estes, described by a judge who tried him as "the most gigantic swindler in history," behind bars last night.

Unless further appeals meet with unexpected success, it apparently was the end of a fight lasting nearly three years to keep the toppled farm tycoon and former lay preacher out of prison. He marked his 40th birthday just nine days ago.

The U.S. Supreme Court refused yesterday to hear Estes' appeal from a 15-year prison sentence for mail fraud. U.S. Dist. Judge R. E. Thomason, who presided for the 1963 trial in El Paso, then revoked the bankrupt promoter's $100,000 appeal bond.

Armed with a bench warrant from Thomason, Deputy U.S. Marshal William C. Black arrested the black-haired, round-faced Estes at his comfortable Abilene home and escorted him to the county jail here.

Officers arranged to transfer him to El Paso today. They said Estes might stay there as long as five weeks before being moved to a federal prison. He has 25 days to ask the Supreme Court to reconsider and it could be 10 days longer before the tribunal ruled.

The former West Texas promoter, who spent much of his spare time as a lay preacher in the Church of Christ, had been battling since March 29, 1962, to avoid going to prison.

That was the date federal agents first arrested Estes, then living at Pecos and reputed to be worth $50 million. His top-heavy financial empire of anhydrous ammonia (fertilizer) sales, grain storage and big-scale cotton growing collapsed, and there were echoes in Wall Street and Washington.

That fall he drew an eight-year prison term on a state court conviction at Tyler of swindling — still being appealed, and on March 28, 1963, jurors found him guilty of mail fraud and conspiracy in the El Paso trial.

Testimony brought out that Estes had persuaded dozens of individuals to sign mortgages on steel ammonia tanks and thus lend him their personal credit, with the explanation his own was overtaxed and he needed money for rapidly expanding operations. In turn he discounted the mortgages and sold them to some of the nation's biggest loan companies, meanwhile paying the mortgage signers monthly rental on the tanks which matched their payments to the loan firms.

STARS GALORE

Word Is Protocol For Johnson Gala

WASHINGTON (AP) — The show was late in starting and producer Richard Adler was nervously whispering to an aide:

"Remember, protocol - wise, Sally Ann Howes has to first shake the President's hand, then present the flowers to Mrs. Johnson, then just greet the Humphreys."

A few minutes later a man no one knew and many thought was smashed suddenly announced over the PA system: "George O'Doyle, will you please raise your hand?" Among the 11,000 Democrats present last night for the inaugural gala at the National Armory it was difficult to see a hand go up or find out who O'Doyle was.

Finally, things got started only 40 minutes late. The President and his party entered while the photographers crept forward like Baluba tribesmen. Miss Howes, the producer's wife, presented her late-blooming protocols, and the show began. It had a little bit of everything.

Alfred Hitchcock, the movie director turned emcee, referred to Hubert H. Humphrey being at the "awkward age — he's no longer a senator and not yet a vice president."

Hitchcock also delivered "a word from our sponsor. Friends of the loyal opposition, do you still suffer from the Nov. 4 morning-after feeling? Do you feel that your group had all the cavities? Are you hurt because no one put you in the driver's seat? Well, now you can relax and leave the driving to us."

Carol Channing of "Hello Dolly" sang a new version of "Hello Lyndon" which said it was "so nice to have you here where you belong . . . you're still growing, you're still crowing . . . and who the heck is Barry what's-his-name?"

Carol Burnett and Julie Andrews sang a rousing medley and there were also loud hands for the "pas de deux" danced by ballet stars Dame Margot Fonteyn and Rudolf Nureyev, the songs of Harry Belafonte and Barbra Streisand and the comedy skit by Mike Nichols and Elaine May.

Carson said that, to make the performers available for the gala, two Broadway shows, one international ballet, two television shows and shooting on four movie sets had to be postponed or closed. The audience seemed to think it was worth it although the mystery of George O'Doyle was never cleared up.

Defector Spy Believed To Be Czar's Son

GOP Aide Says CIA Is Keeping Mum On Evidence

NEW YORK (UPI) — A former Central Intelligence Agency official challenged the agency today to disclose evidence that a defector Polish spy is actually the son of the last Russian czar.

Herman Kimsey, former chief of analysis and research for the CIA and lately assistant chief of security for the Republican National Committee, said the CIA has made exhaustive tests to establish the true identity of the mysterious Pole, Col. Michael Goleniewski. He said he was convinced the tests proved Goleniewski is Grand Duke Alexei, only son of Czar Nicholas II.

Goleniewski said he plans to press his claims in American courts and may attempt to force CIA sources to surrender information in their possession if it is not made public voluntarily by the government agency.

REPORTED DEAD

Czarevich Alexei was reported by a white Russian commission to have died with his father, mother and four sisters in a July 18, 1918 massacre by the Bolsheviks on the basis of fragmentary bones found in a pit in Ekaterinburg, Russia, a few weeks later. But rumors have persisted that the entire imperial family survived and there has been no definitive proof to the contrary.

Kimsey broke the veil of official secrecy concerning the background of Goleniewski, a high Polish secret service officer who defected to the West in 1960, only 10 days after the defector declared himself the true Czarevich and heir to a $400 million fortune deposited by the czar in Western banks more than 50 years ago.

'PROOF WITHHELD'

"On the basis of what I know the CIA investigation of Goleniewski's identity, I believe he is the Czarevich Alexei," Kimsey said. "I do not know why the CIA has withheld the necessary proof of identity from a person who has done so much for this country and who only wishes to live under his own name and claim what is rightfully his."

Kimsey said Allen Dulles, former CIA head, and John A. McCone, present agency chief, should reverse their policy of silence concerning all inquiries regarding Goleniewsky, who gave weeks of testimony to government security agencies during the past four years regarding involvement of Americans in the Communist spy apparatuses. The defector is expected to testify later this year before appropriate congressional investigating committees.

Songs For Jeanette MacDonald Rites

HOLLYWOOD (UPI)—The friends and family of actress-singer Jeanette MacDonald bade her farewell yesterday as recordings of her voice sang some of her biggest successes.

The voice of the 57-year-old red-haired star reverbrated through the Church of the Recessional at Forest Lawn Memorial Park, where 200 mourners—including husband Gene Raymond and co-star Nelson Eddy—had gathered for her funeral.

"Ave Maria" and "Ah Sweet Mystery of Life," coursed through the church. An organist played a series of the late star's most memorable songs: "Will You Remember," "Indian Love Call," "Sweethearts," "I'll See You Again" and "Smilin' Through."

U.S. Hopeful Russ To Pay Debts

UNITED NATIONS (UPI) — The United States today was reported hopeful the Soviets will quietly pay some of their U.N. debts this week to avoid a showdown Monday, when the first General Assembly vote is scheduled.

Assembly President Alex Quaison-Sackey of Ghana, joining Secretary General Thant yesterday in an appeal to the U.N. membership to end the financial deadlock, said it was his intention to begin committee elections in the assembly on Monday.

Unless the Soviets and other nations in arrears have paid enough to escape U.N. charter penalties, they stand to lose their votes the first time the assembly begins voting.

Red Summit Conference Opens

WARSAW, Poland (AP)—The rulers of the Soviet Union and six East European satellites opened a summit conference today that may frame new policy on European questions.

Western diplomats in Warsaw said major new overtures to the West could result. They said the Communist leaders may agree to expand East-West contacts, reduce pressure on West Berlin and withdraw some Soviet troops from Communist East Germany.

It was the first such full-dress meeting outside the Soviet Union for Soviet party chief Leonid I. Brezhnev and Premier Alexei N. Kosygin since they replaced Nikita Khrushchev three months ago.

New Viet Cabinet Troubled Already

SAIGON (UPI) — A crack developed in South Viet Nam's new cabinet today less than 24 hours after its creation was announced and given U.S. blessings.

Air force commander Nguyen Cao Ky raised conditions to his participation in the new government, demanding that it adopt a "revolutionary" attitude and muster popular support throughout the country.

In an exclusive interview with UPI, Ky said he would not give up his air force command to become minister of youth, a sensitive post dealing directly with restive students who have created political instability and hampered the anti-Communist war.

"Decisions affecting the nation's future should not be rushed," Ky said. He added that no one had bothered to discuss the government's policies before the cabinet changes were announced.

Ky's statements were significant because of the high post he would hold in the government and because of the major leadership role he plays in the military.

The flamboyant air force chief was one of the leaders of a group of young generals who dissolved the High National Council (provisional legislature) 29 days ago and effectively took control of Premier Tran Van Huong's regime.

The generals relinquished power last week after U.S. officials objected to the power play and American aid planning was temporarily halted.

Ky said today he planned to meet with the generals later today to discuss government policy.

Huong named Ky and three other gnerals to the cabinet yesterday as replacements for civil servants. The shuffle was designed to please the military, the U.S. embassy and anti-government Buddhist and student groups.

San Francisco attorney Joseph Grodin will speak on "Constitutional Attacks against Proposition 14" at the meeting, beginning at 8 p.m. in Sabella's Restaurant, Alto.

HUNTING FOR A PET?

Goldie, a 3-year-old golden eagle, perches on arm of his master, George Thompson, 15, at Portland, Ore., after a recent workout. George, a member of the North American Falconers' Assn., reared the bird from a baby and is training it to hunt. The bird is 13 pounds and has a five-foot wing spread. (UPI Telephoto)

5 Superintendent Aides For Novato

The new Novato Unified School District will have five assistant superintendents.

It will also have a director of personnel services and a superintendent of buildings and grounds.

The seven-member board of the new district, which take over from San Jose Elementry and the old Novato Unified districts next July 1, voted unanimously last night to fill the positions, after a closed "hiring" session which lasted one hour and 15 minutes.

Prior to the meeting, Trustee William H. Kirk had claimed the district needed only two assistant superintendents. Other administrators whose contracts must be honored because of merger of the two districts could be made principals of school, he suggested.

There was no debate in the open session last night. But Kirk said, "The board should acknowledge publicly that we have a top-heavy district with five assistant superintendents which are required by law."

Ralph Giovanniello, superintendent of San Jose district, had already been named deputy to James G. Bunker, the Novato superintendent who will continue to head the new district. The board last night named these additional assistant superintendents:

Charles W. Lavaroni, now assistant superintendent of San Jose, in charge of elementary education.

Paul C. Mobley, now assistant superintendent of Novato, in charge of secondary (high school) education.

Duane V. Moeller, now deputy superintendent of San Jose, in charge of accounting, budgeting and payroll.

Eugene F. DeBrecht, now assistant in charge of business for Novato, in charge of new construction, site acquisition, and buildings.

Gilbert R. Guerin, who now heads guidance and counseling in the Novato district, was named director of personnel services. He will have charge of special personnel, including psychologists, speech therapists, nurses, and counselors.

Norman W. Bristowe, who is in charge of building maintance for the Novato district, will be superintendent of buildings and grounds under DeBercht. Leonel Avilla, now with the San Jose district, will work under him as director of transportation.

In recommending the appointments, Superintendents Bunker said they should be reviewed in two years, when contracts of all those involved will expire.

Firms Face $25 Million In Tax Liens

Two San Francisco businessmen, with undeveloped land in Sausalito, today face federal liens totalling 25 million dollars for back taxes.

The tax liens were filed yesterday by the U. S. Internal Revenue Service in Washintgon, D.C., tying up the assets of eight firms controlled by the two men.

The federal office said Harry S. Stonehill owes $13,613,721 and his partner, Robert P. Brooks, owes $11,182,966 in back taxes for 1958-61.

The partners own Marinship Enterprises Corp., which in turn owns 2.24 acres in the Marinship area of Sausalito. The Marin County assessor's office lists an assessment of $32,000 on the undeveloped property. A portion of the land fronts on the east side of Bridgeway.

Other firms whose assets have been frozen are Pine Street Management Co., Brookstone Corp., California Street Corp., Brookwood Orina Associates, Mikiki Corp., Harroman Co. and Palo Corp.

Stonehill, in the Army in the Philippines, was discharged there after World War II and built a financial empire in tobacco, real estate and war surplus goods. He and Brooks were deported from the Philippines in 1962 after being found guilty of bribery, blackmail and tax evasion.

Tam Board Urges Action On Unification

The Tamalpais High School District board last night agreed to send another plea to the County Committee on School District Organization to get the ball rolling on a single district unification.

Supt. Chester G. Carlisle said repeated delays and uncertainty were seriously damaging the district. He said the Tamalpais district fund raising program for new construction has fallen behind, for the first time in 10 years, because of the uncertainty.

A bond election to raise funds for the Tiburon and San Geronimo high schools and the Redwood High School third stage was originally set for April, 1964, and postponed a year, he recalled. Now it will have to be delayed again, he said.

In addition, Carlisle complained, new programs in administration and classroom experiments and development gain less support than they might because teachers think all changes are temporary, pending the imminent unification and election of a new board with new policies.

Carlisle said the county committee should face the "facts of life" that the State Board of Education does not intend to approve any district smaller than the entire Tamalpais district area.

Trustee John C. Siemens agreed, saying, "the board has been aware of the damages of procrastination." The board quickly moved to send the letter, and urged interested persons to attend the county committee meeting at 8 p.m. tomorrow at the Civic Center.

The Tamalpais High School District board also:

1. Approved a research study on the design and uses of research materials centers in high schools.

2. Agreed to raise the pay for substitute teachers by $3, to $23 a day.

3. Approved summer workshops in physical education, music, mathematics and counselling.

4. Authorized working drawings on the final stage of construction at Redwood High School.

5. Approved a resolution asking continued state support for pre-school and "compensatory education" programs.

6. Approved a contract for use of the Edgewater Motel swimming pool for Redwood High School swimming classes for about $1,000 a year.

Trustees Edmund J. Thomas Jr. and William B. Lewis were absent.

Annex Protest Hearings Set In Mill Valley

Protest hearing for property owners within the City of Mill Valley's 137-acre high school and tidelands annexation was set by the city council last night for 8 p.m. on March 1.

The council also adopted a resolution canceling a hearing on the subject set for last night.

Protests are to be heard from property owners in the annexation area only.

The annexation, approved last Thursday by the County Local Agency Formation Commission, includes some of the territory which is proposed to be included in the City of Alto: The Alto strip along Highway 101's western service road and including Sabella's Restaurant, Alcan-Marin Ltd., Goodman Lumber Co., Hi Ho Motel and Motel Alto.

Advocates of Alto incorporation filed the necessary signatures to start proceedings last Friday and plan to continue their quest. Signatures must be checked by county clerk's office within 30 days and then the proposal goes to the board of supervisors and the Local Agency Formation Commission.

The board of supervisors was to accept the Alto incorporation petition today and refer it to the county clerk.

Jazz cornetist Muggsy Spanier of 303 South Street, Sausalito, has entered Ochsner Foundation Hospital in New Orleans for a checkup. Spanier, 58, has been inactive since he collapsed last summer in Detroit.

'Muzzling' Charged In New Council Rule

Manny Gomez charged Mill Valley Mayor Michael Wornum with attempting to "muzzle" him last night.

Gomez, a regular in the audience and usually vocal in many council items, protested Wornum's proposal to change council conduct.

Fellow councilmen did not object.

Wornum asked that an agenda item be introduced, explained and then a motion made right away to get the matter on the floor. The subject would then be open to audience discussion with each person having but one chance to speak.

The chair, said Wornum, will rule on time for ending audience participation.

The mayor admitted that his desire to let all speak in full "town hall meeting" style has impaired efficiency of meetings.

"A well run meeting helps the democratic process by giving fairer representation to all," he said.

Traffic Needs Due Sausalito Council

Bridgeway traffic needs as seen by the Sausalito police and fire departments will be reported upon by City Mgr. Charles A. Brown to the city council at its meeting at 8 p.m. today in city hall.

The council will also hear a report from Brown on condemnation of property for the corporation yard, a budget proposal for use of gasoline tax funds, and a proposed dance ordinance.

Secor Balks On Delay Of Harbor

City Councilman William M. Secor of Mill Valley balked at a resolution last night requesting the State Small Craft Harbor Commission to extend completion date of the city's harbor from next month to June 1, 1966.

"We should have boats in that harbor right today," said Secor. "We could be using our harbor and realizing a revenue and paying off our loan."

However the council, on City Mgr. Bert A. Balmer's recommendation, voted to seek the extension from the commission, which will meet Thursday in San Francisco, and to advise the commission the city will meet the additional cost occasioned by the delay, estimated at $60,000.

Balmer said extension is necessary since dredging is taking longer than expected and because the deep water channel was relocated.

Apartments In Conflict With Hub Master Plan

The San Anselmo Planning Commission last night rejected an apartment zoning request as conflicting with the Hub City's downtown center plan, and voted against including a Greyhound Bus Lines shelter in the master plan for the city's parking lot at the Hub intersection.

Allan Larkins Jr. sought rezoning for apartments at 60 Magnolia Avenue, but the commission held this conflicted with the master plan.

The bus shelter proposal had been slapped by the city council last week, when councilmen charged members of the planning commission were going out of their way to help Greyhound find a location.

The planning commission approved rezoning three lots from residential to commercial at Sonoma Avenue and Sir Francis Drake Boulevard for a Union Oil Co. service station.

Ann Turner's map for a proposed hilltop subdivision between Redwood Road and Laurel Avenue was returned to the applicant for revision, including a requirement for paving an access road to 20-foot width.

New officers of the commission will be elected at its Feb. 1 meeting at the city hall, announced Charles Leitzell, chairman.

Steps, Lanes Repair Plan Voted Out

Mill Valley city councilmen last night voted 3-2 to specify all city steps and lanes as "neighborhood" lanes, thus throwing out a proposal which would have allowed some to be improved as "arterials."

Voting "no" were Councilman Albert E. White and Mayor Michael Wornum.

A small contingent of "Middle Ridge" residents in the audience urged keeping the steps in repair. Some favored reopening of the Bernard Street steps running from Bay View to Summit avenues.

Louisa Cagwin, who led initial action to reopen the Bernard steps, guaranteed the council she will continue her fight. Mayor Wornum suggested she work with the parks and recreation commission.

Man Is Injured In Highway Crash

John S. Begley, 49, of Guerneville, was injured when his car rammed a steel barricade pointing at the offramp to Marinwood southbound on Highway 101 at 10:15 p.m. yesterday.

Begley told California Highway Patrol officers he was following the edge of the highway in the slow lane in heavy fog when he realized he was moving onto an offramp and pulled back, only to see the steel rail too late to stop.

He was reported in satisfactory condition at San Rafael General Hospital today with a broken nose and facial cuts.

Additions Accepted

Trustees of the old Novato Unified School District in a special meeting last night, accepted additions to Hill Junior High School, constructed by W. J. Kubon Co. of San Rafael under a $325,289 contract. They consist of a six-classroom wing, remodeling the multi-use room, and addition of lockers.

Contract Let On Classrooms

The San Jose School District board last night approved a $7,070 contract with Modulux Corp. for four portable classrooms, already in use at Hamilton School.

The board authorized going ahead with purchase of the Marin Oaks school site of 14 acres on Ignacio Boulevard. This was ratified later in the night by the new Novato Unified School District board.

The board also approved a tuberculosis skin testing program for all students in the seventh grade by the Marin County Health Department and Marin County Tuberculosis and Health Assn.

Mill Valley Boy, 4, Cut In Car Mishap

Joey Klutts, 4, son of Mr. and Mrs. Harry Klutts, 10A Judson Lane, Mill Valley, was treated for a cut lip at Marin General Hospital yesterday after he was thrown against the dashboard of a car driven by Rayford R. Pyeatt, 23, 202 Carey Drive, Mill Valley.

The driver told the California Highway Patrol she stopped suddenly on Vista Grande Avenue near Corte Balboa, Kentfield, because of children in the street ahead.

Stolen Safe Found In Marin; Cash Missing

A small safe, stolen last Saturday from a Santa Rosa draying company and containing $1,300 in cash and checks, was found Sunday off a bank of Highway 1 near Drake's Landing, Marin County sheriff's office reported today.

Ronald L. Weller of Marshall told deputies the discarded safe was first spotted by a sports fisherman, who notified him. Deputies said the 24-by-36 inch safe had been punched and opened, and over $900 worth of checks—most of them negotiable—were scattered nearby.

Missing, according to the report of Merchant's Express, Santa Rosa, is $646.26 cash. A spokesman said the safe was removed after burglars broke a window for entry.

Baby Is Injured In Fall From Car

An 18-month old child climbed out of a back window of a car being driven by her mother about 2:30 p.m. yesterday, falling onto Redwood Avenue in Corte Madera near the crossing of the Northwestern Pacific Railroad tracks.

The child, Julie Haehl, daughter of Mr. and Mrs. Jack Haehl, 499 Corte Madera Avenue, Corte Madera, was reported in good condition today at Marin General Hospital, with a cut forehead. The mother said she had just started the car and was going slowly.

RESIGN

Continued from page 1

F. Upton, Warburg and Eugene Trombley.

After replacement of Fletcher, the board voted to retain all other members of the parks and recreation commission. Supervisors then voted unanimously to leave the personnel commission undisturbed.

SWEEPING CHANGE

Schultz and Selinger spoke after Kettenhofen made his motion to reconsider the policy.

Schultz said the most undesirable effect of the policy would be that commissioners "will become so closely related to the supervisors in their districts."

He said a sweeping change each time a new board is elected would destroy the continuity and broad outlook of the commissions. Also, he said, the intention of the state planning and conservation act is that continuity should be maintained.

Selinger called the policy dangerous, asserting it contains "the seeds of mischief."

He said it would undermine the morale of the commissioners and shake the public's confidence in the commissions.

Commissioners should be free to participate in politics without being thrown out if they were on the losing side in an election, he contended — an obvious reference to the fact that Hankins was campaign manager for George H. Ludy in his campaign against Storer and Wachsman was an active campaigner for John F. McInnis against Leydecker.

Board chairman Peter H. Behr said he did not believe public confidence would be shaken.

"I have more faith in public judgment," he declared.

Kettenhofen pointed out that other governments do not ask for mass resignations. Leydecker retorted that did not concern him because his decision "was based on what is best for the county."

The supervisors had before them a letter from the Homestead Valley Improvement Club backing their action in calling for resignations of all members of the three commissions. It also had a letter from the Leagues of Women Voters of Marin suggesting criteria for planning commission appointments.

Kettenhofen, although protesting the mass resignation demand, suggested Mrs. Azevedo and Heifetz as appointees.

HEARING

Continued from page 1

handle "educable" retarded youngsters instead of "trainable" retarded.

Reed Dist-Supt. Edward C. Pino said he felt this was a semantic distinction and unimportant.

Pino also startled Behr somewhat by suggesting that the new classrooms would aid racial integration, because they might bring numerous Negro youngsters to the Reed district for the first time.

Behr countered that this would be "a lousy way to promote integration, if all the Negroes the white children saw were mentally retarded."

President Harold L. Sleight of the Sausalito School District voiced his board's pleasure at Bruce's voluntary inclusion of $209,000 for aid in construction of a new Manzanita School.

But Sleight said the district was hoping to get the entire sum at once to hasten construction. The tentative county schedule shows it split over three years, with roughly half budgeted in 1965-66.

Behr suggested that federal "war on poverty" funds might be available to cover the cost of the school's multi-use room, since it could be construed as a "community center."

Supervisors tried to generate more discussion on the hall of justice, but had to supply most of it themselves. With the help of Bruce and Barrows they tried hard to impress their audience with the vast difference in the projected future county tax rate if a bond issue is turned down by voters and the supervisors must continue with pay-as-you-go financing of the project.

The proposed five-year plan foresees a tax rate for capital projects which never varies more than .2 of a cent from 30 cents per $100 valuation. Of this, 10 cents per year is included to pay off bonds.

Continuing the pay-as-you-go plan, however, would raise the 10 cents temporarily to 57 cents, for a total rate of 77 cents to cover capital projects, Barrows said.

In 1970, he later added, the rate would drop to a 55-cent total.

BOARD

sider a long-range solution to the problem at Drake Boulevard and Wolfe Grade.

He suggested there be two through lanes at the intersection. Only the left lane is now a through lane; drivers in the right lane must turn right.

The petition submitted by Richard C. and Jackolyn U. Paine of 361 North Almenar Drive said the confusion of merging traffic as cars approach the intersection leads to abrupt lane changing. "An unenforced speed limit of 25 miles per hour compounds the problem," their letter said.

The petition also asked for a metal guard rail from the passageway opposite Marin Catholic High School to Wolfe Grade School, an additional westbound traffic lane at the intersection, reduction of the speed limit in the Eliseo Road - Bon Air Road stretch and a remedy to the parking situation at Wolfe Grade School.

Donald R. Frost, county public works director, said one-quarter of all accidents in unincorporated areas, exclusive of state highways, are along Drake Boulevard.

Novato Cancer Society Forms

A Novato unit of the American Cancer Society was formed last night by 22 people who attended an organizational meeting at the home of Mrs. David Swanson at 535 Eldridge Avenue.

Mrs. Swanson was elected unit chairman.

Mrs. Charles Freeman was chosen educational chairman; Mrs. Joseph Mouille, chairman of the crusade April 18-24, and Mrs. Paul Fry, service chairman.

Next meeting was set for 8 p.m., Feb. 15 at the home of Mrs. Arnold Baptiste at 1095 Calle Paseo in Loma Verde.

2-Man Space Shot Gains After Test

CAPE KENNEDY (UPI)—A robot - piloted Gemini capsule soared more than 2,100 miles through space today, opening a "clear road ahead" to America's first two man flight into orbit this spring.

A 109 foot tall Titan-2 rocket hurled the two-seater spaceship into the Atlantic Ocean only 24 miles short of its planned target — a "pickel barrel shot" that ended with the successful recovery of the craft.

Jubilant Astronaut Virgil I. (Gus) Grissom said the long awaited success left a "clear road ahead" to the flight that will send him and fellow spaceman John W. Young on a three orbit, 4½ hour voyage around earth in April or May.

"We can't see any problems," said Grissom. "I doubt that anyone is any happier than John and I."

It was a storybook shot that sent the 6,900 pound capsule more than 100 miles into space under control of two astro-robots that used cameras, timers and electronics to put the complex craft through its 20 minute paces.

School Bond Vote Proposed In Mill Valley

A bond issue election, perhaps next November, was proposed by Mill Valley School District trustees last night.

Amount will not be decided until architects are interviewed regarding the district's classroom needs.

The board decided to tell the county committee on school district organization that "it is imperative that the committee reach a decision on district unification to place a proposal before the electorate at the earliest practical moment." Delay is hampering planning for new schools.

A public hearing will be held at Strawberry Point School at 8 p.m. Feb. 1 on a proposal by Harbor Cove Corp. to exchange parcels of land with the school district.

Trustees, who normally meet the second and fourth Mondays of the month, met this month and will meet in February on the first and third Mondays.

Car Found Over Cliff

Dennis A Hecht of 13 J Streeet, San Rafael, reported his car stolen when he found it was missing from the Corte Madera Shopping Center last night on his return from a trip to San Francisco.

Corte Madera police was able to give quick help. The car had been found about a half hour before. But Hecht was less than pleased.

Ranger Robert Carlson of Stinson Beach State Park found the car. It had been pushed over a cliff at Steep Ravine, near Stinson Beach.

Bids Called For Road Work

The State Division of Highways yesterday called for bids to extend and improve Tiburon Boulevard.

A total of $610,000 is available for the project, which involves grading and paving to widen Tiburon Boulevard for eight-tenths of a mile between Blackfield Drive and a point just beyond Reed Ranch Road; also to grade an additional four-tenths mile and place rock slope erosion protection along Richardson Bay to seven-tenths of a mile west of San Rafael Avenue, about two miles west of Tiburon.

Bids will be opened Feb. 24 in Sacramento.

Belvedere's Slope Policy Is On Agenda

The Belvedere Planning Commission will meet in adjourned session at 8 p.m. Feb. 3 at the community hall to continue consideration of a slope policy for hillside construction.

The commission last night discussed with residents whether a slope policy with a sliding scale for lot size, which would be tied to the degree of slope, should be adopted. Residents seemed to feel that a minimum size lot for any sloping land would better solve the problem, reported City Mgr. William L. Cavalli.

The city has a minimum 7,500 square foot lot size for any land on any type of terrain. The city council has enacted an interim sliding scale slope policy while the commission completes its studies.

Bruce Sees No Data Unit Change Now

County Administrator Alan Bruce recommended to county supervisors today that operation of the Marin's Data Processing Bureau remain partly under the direction of Auditor-Controller Michael Mitchell.

Supervisors deferred discussion until next Tuesday.

The county offices committee of the 1964 Marin County Grand Jury recommended that control of the bureau be removed entirely from the auditor-controller.

Supervisors approved an interim arrangement last month that left Mitchell in control of day-by-day operation of the bureau. Bruce recommended that this system be continued for about two years.

Bruce reported he found no compelling reason for complete removal of the bureau from the auditor-controller now.

After two years, he suggested, the bureau should be made a separate department.

Hub Boy Hurt As Cycle Hit

A 15-year-old San Anselmo youth suffered torn ligaments in his left foot and numerous scrapes when his motorcycle was hit by a car Sunday in San Rafael, dragging him 20 feet with his left leg caught underneath the cycle.

San Rafael police said they did not learn until yesterday of the accident at 11:10 a.m. Sunday at Marin and Ross streets.

Hurt was Alexander H. Benedict of 66 Grove Hill Avenue, San Anselmo, whose motorcycle was southbound on Marin Street when it was hit.

Driver of the car was Ralph Markey, 55, of 100 Park Street, San Rafael, whose sedan was travelling west on Ross Street, police said.

Rental Truck Is Missing

San Rafael police yesterday put out a state-wide bulletin to search for a truck rented two weeks ago from a San Rafael rental firm and never returned.

Edward W. Moews of Nationwide Truck and Trailer Rentals said the man who rented the yellow 1959 Chevrolet pick-up used the name of a Mill Valley man in filling out the forms.

When the man failed to return with the truck, Moews told police, he called the Mill Valley man and learned he knew nothing of the matter.

OBITUARIES

Margaret Dwyer, 74, Succumbs

Funeral for Mrs. Margaret Dwyer, life-long Marin resident and former supervisor of student teaching at Dominican College, San Rafael, was held today at St. Anselmo's Church San Anselmo.

Mrs. Dwyer died Saturday in a local convalescent home.

She was born in San Rafael 74 years ago and lived most of her life in San Anselmo.

She graduated from San Francisco Normal School in 1911 and became supervisor of elementary education there for six years until her marriage in 1917.

Mrs. Dwyer later resumed her teaching career as supervisor of student teaching at Dominican College, San Rafael, from 1945 through 1948. She left that job to become a teacher at Adaline E. Kent School in Kentfield until her retirement in 1954.

Mrs. Dwyer was a member of the California Teachers Assn. and National Retired Teachers Assn.

She was also a member of the Altar Society and the Ladies Sodality of St. Anselm's Church.

She is survived by a son, Leo of San Anselmo, a daughter, Mrs. Margaret Ann Mullins of Cottonwood, Shasta County, and two grandchildren.

Burial was in Mount Olivet Cemetery, San Rafael.

Stinson Houses Entered

Kenneth J. Grady of San Francisco told Marin County sheriff's deputies yesterday he arrived at the summer residence of Betty Ryan at 126 Calle Del Arroyo, Stinson Beach Wednesday as a guest and saw two youths fleeing the building.

He said he discovered a hole had been knocked through the kitchen door, but nothing was believed taken.

Harold W. Cookson, San Francisco, told officers his summer residence at Stinson Beach was entered by breaking a window between Jan. 10 and last Saturday. Several eggs were broken on the kitchen floor. Some clothing and two blankets were taken.

Residence of David Capitolo, 204 Adrian Way, Santa Venetia, was entered by prying a kitchen window during the past two weeks. The building was ransacked, officers said.

The intruders apparently cooked a meal in the kitchcen and slept in the master bedroom. Nothing was believed stolen, however. The break-in was discovered by a neighbor, Mrs. Mary E. Mello of 102 Mabry Way.

A portable radio and a compass, total worth of $95, were reported stolen from a 26-foot power boat docked near Peacock Gap County Club.

Owner Charles L. Van Horn of 28 San Marino Avenue, San Rafael, said a boat hatch was pried for entry between Jan. 9 and last Sunday.

Sen. McCarthy Named To Six Committees

State Sen. John F. McCarthy (R-San Rafael) was today named to six standing committees in the State Senate, including the vital rules committee and the newly formed reapportionment committee.

The Marin legislator will serve as vice chairman of the rules committee, the Senate housekeeping committee, and hold a like post on the business and professions committee.

McCarthy will continue as chairman of the committee on interstate cooperation and as a legislative member of the State Public Works Board.

Other committees to which McCarthy was named are governmental efficiency, transportation, and agriculture.

C. F. MacDONALD

Charles Frederick MacDonald of 850 Idylberry Road, Marinwood, a retired electrician, died at home yesterday after a long illness. He was 75 years old.

MacDonald, a native of Lamar, Mo., came to California when he was seven years old. He worked for 37 years for the Los Angeles Department of Water and Power. He retired 10 years ago.

MacDonald and his wife, Dorothy, moved to Marin County in May of 1961.

In addition to his wife, he leaves a son, Ray Hirsch of Marinwood, and four grandchildren.

Private funeral was held at Keaton's Mortuary in San Rafael today.

MRS. REGALIA

Mrs. Josephine Regalia, 59, of 18 Napa Street, Fairfax, died in her home yesterday after a long illness.

Mrs. Regalia was born in San Francisco and came to Sausalito with her parents as a young girl. The family moved to Fairfax in 1923 and Mrs. Regalia lived there until her death except for a few years while her husband worked in a shipyard in the East Bay.

Surviving are a son, Edward, of San Carlos; a daughter, Mrs. Barbara Pattillo of Oakland; her mother, Mrs. Frances Cangelosi of Fairfax; a sister, Mrs. Rose Regalia of San Anselmo, and 10 grandchildren.

Funeral will be at 9 a.m. tomorrow in Chapel of the Hills, San Anselmo. Burial will be in Mount Olivet Cemetery, San Rafael.

EMMA HALL

Mrs. Emma Hall, 74, of Hill Road, Ross, died early yesterday in a local hospital after a long illness.

Mrs. Hall, wife of a retired furniture upholsterer, had lived in Marin for a year and one-half. She and her family moved to California 12 years ago from Minnesota.

Mrs. Hall is survived by her husband, Fred, and a son, Stanley, of Ross.

Private funeral was held last night at Chapel of the Hills, San Anselmo. Burial was in Mount Tamalpais Cemetery, San Rafael.

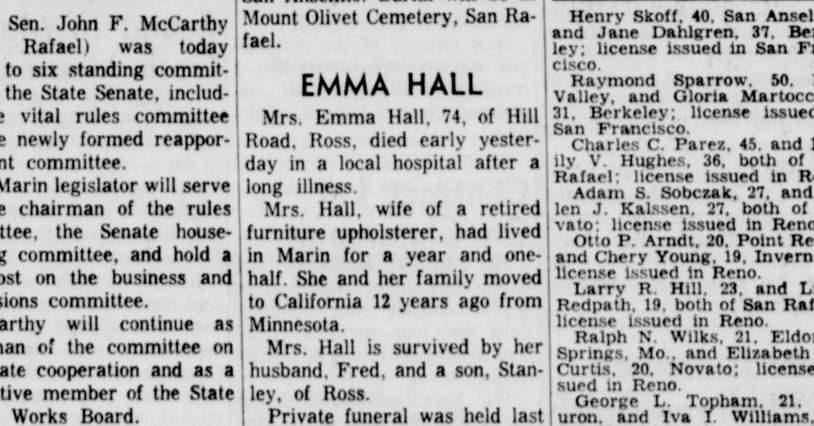
Buick Special V-6 goes easy on gas.

Its low price goes hard on your resistance.



We put 6 big reasons to buy a Buick Special under the hood. And another small one on the price tag. The six are a set of the liveliest, thriftiest cylinders that ever zipped you merrily on your way. They're all arranged in neat, smooth V-fashion. They add up to 225 cubic inches and 155 horsepower, and make other arrangements of 6 cylinders seem primitive. That's not all. Special sports Buick comfort, Buick style and traditional Buick quality. The price tag? We saved the best for last.

$2343.00 Manufacturer's suggested retail price for Special V-6 2-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge (transportation charges, accessories, other optional equipment, state and local taxes additional).

Wouldn't you really rather go first class?

San Rafael Redeems No Apartments Pledge

The San Rafael City Council redeemed a 6-year-old pledge last night, refusing to allow apartments on Bayo Vista and Tierra Vista ways, along the ridge between Fifth Avenue and the Miracle Mile.

The council unanimously rejected an appeal by Paul Sade from planning commission turndown of his request for rezoning of 2.16 acres on the steep hill to permit a second group of his Tropicana Apartments.

Harold Lezzeni, architect for Sade, argued that only seven lots could be put on the steep acreage if it remains zoned single-family, and that the apartments would be a preferable development anyhow.

However, eight residents of the area protested at rezoning, one of them telling the council that he had gathered 141 signatures to an opposition petition by "just scratching the surface." And another of them, Raymond Morrison of 16 Bayo Vista Way, reminded the council that when land was rezoned for the Tropicana Apartments about six years ago, councilmen promised no multiple zoning would be permitted beyond Bayo Vista.

"Colonel Morrison is absolutely right," said Councilman Louis H. Baar.

"I hate to see you people have to come down here every year or two to protect your property rights," said Councilman Fred E. Jensen as he moved to deny the appeal. The vote to deny was unanimous.

The council overruled the planning commission, however, in unanimously approving the design for a Mobil Oil Co. service station at Francisco and Bellam boulevards, which the commission had rejected by a split vote.

The San Rafael City Council Also:

1. Received bids for sewer, water and drainage work to be done under the Francisco Boulevard Assessment District, and referred them to George S. Nolte, engineer for the district, for a recommendation Feb. 1. Low bidder was Kirkwood-Bly, Inc., of Santa Rosa at $260,843. Other bidders were Maggiora, Ghilotti and Madsen of Corte Madera at $262,523 and McGuire and Hester of Berkeley at $350,934. Nolte's estimate for the work had been $332,921.

2. Received from Arthur W. Fellows, retired police sergeant, a copy of an embossed resolution from the State Assembly commending him on his many years of law enforcement, which had been presented to him at a farewell dinner by Councilman Charles W. Aby; and received from Mr. and Mrs. Walter R. Castro Jr. a framed photograph of the late Walter R. Castro to be hung in Fire Station No. 4, which was named for him.

3. Was urged by John Lowe of 428 Monteciillo Road, on behalf of the Don Timoteo School Parent-Teacher Assn., to buy parcels of property adjacent to the school and at the end of De la Guerra Drive for neighborhood parks. The matter was put on the agenda for the Feb. 1 meeting.

4. Agreed to hire Dan Coleman Associates to do the design for the next phase of the Bret-Harte drainage project, estimated to cost $100,000, for a fee of $4,500. Coleman made the initial studies for the project.

5. Adopted a resolution urging the state legislature to amend the Streets and Highways Code to permit additions to existing parking districts.

6. Adopted the 1964 uniform building code, with amendments suggested at its introduction by Building Inspector Jack Coates.

7. Adopted an ordinance amendment giving police a 40-hour work week.

8. Dropped abatement proceedings against Mr. and Mrs. Rudolph Schwarzer's partially destroyed apartment house above the collapsed Puerto Suello railroad tunnel, on being informed by Coates that the Schwarzers had placed necessary safeguards in and around the building.

9. Adopted the select street system on which state gasoline tax money can be expended. Public Works Director Norris M. Rawles said it includes 51 miles of city streets, about double the mileage on which the city could use gasoline tax funds under the old "major streets" designation.

10. Adopted California Division of Highways standard specifications for streets. Rawles said the city has been using them anyway.

11. Refused to buy a 1959 pickup truck from Scott Tilden, city park superintendent, for $950 as recommended by Joseph D. Rodta, parks and recreation director. Councilman Jensen, declaring the truck is worth only about $350, said he was "very much put out" at Rodota's recommendation.

12. Referred to the city employees' association a proposal to transfer city employees' group life insurance from West Coast Life to Minnesota Mutual Life Insurance Co.

13. Referred to the traffic committee a suggestion by Minto and Wilkie Insurance Agency that B Street be made a one-way street.

14. Set for Feb. 1 hearing on rezoning from planned community to unclassified and single-family residence with 7,500 square foot lots Glenwood Subdivisions 5 and 6 and some other areas.

15. Approved hiring of Gaylord E. Bonfield as the city's first fulltime fire training officer, and Joseph V. Leonard as police patrolman.

16. Rectified an old oversight by at last formally adopting the 1965-66 budget under which the city has been operating for half the year.

17. Changed the names of the old alignment of Bellam Boulevard to Kerner Boulevard, and of Hunt Road to Tamaraack Drive.

New Assignments For 3 Marin Men

One San Rafael youth and two from Novato have completed basic training in the Air Force at Lackland AFB, Tex., and been given new assignments.

Airman Ronald J. Rosa, son of Mr. and Mrs. Alfred R. Rosa of 413 Frist Street, San Rafael, has been assigned for training as a missile electronics specialist at Chanute AFB, Ill. Airman Douglas R. Turner, son of Mr. and Mrs. Delmer F. Turner of 711 Delmar Avenue, Novato, will take supply specialist training at Amarillo AFB, Tex. Airman Thomas M. Craig, son of Mrs. Eunice A. Tiburon Council Session Friday

The Tiburon City Council will meet in special session at 8 p.m. Friday at the Del Mar School library to consider a joint powers agreement for purchase of tidelands off Strawberry.

County Supervisor Peter H. Behr will be at the meeting to explain the financial obligations and negotiations going on with Harbor Cove, Inc., which had planned to dredge and fill 11.1 acres for home construction.

Councilmen last week approved by 3-1 vote a motion of intent to join the county and Strawberry Recreation District in the land purchase deal, expected to total $57,500.

Low Bidder

Page Construction Co. of Novato was the low bidder on construction of a judging ring at the Mendocino County fairgrounds in Ukiah. Page's bid was $21,863.

Mapes Slaying Suspect Charged

SAN FRANCISCO (AP)—An ex-convict yesterday was charged with murder in the death of Oscar Mapes Robinson, member of a wealthy Reno hotel family.

Kevin LaMarr, 28, a shoe repairman, was arrested Sunday and police quoted him as saying he had been in the victim's hotel room the night of the slaying.

Robinson, 53, was bludgeoned to death Thursday night in his hotel room with a Tahitian war club. He had been blindfolded and his hands and ankles were tied together.

Robinson's father, George Robinson, is an investment broker with interests in San Francisco, Reno and Chicago. The victim's mother, who died 10 years ago, was a daughter of the founder of the Mapes Hotel in Reno.

LaMarr was released from San Quentin Prison two months ago after serving a sentence for assault.

WIDE RE-MAPPING APPROACH ASKED

Lawmakers Disagree On Unemployment Payments; State Spending Questioned

SACRAMENTO (AP) — A Senate leader has suggested a wide-open approach to reapportionment, an Assembly spokesman wants a more conservative look at state spending and three lawmakers are at odds on unemployment payments.

Sen. Stephen P. Teale, D-West Point, chairman of a special Senate committee on reapportionment, and Sen. John C. Begovich, D-Jackson, co-authored legislation yesterday aimed at electing all 40 state senators at large.

Teale and Begovich said the proposed constitutional amendment resulted from recent court orders to reapportion the upper house by population.

"When the blue chips are on the table," Begovich said, "this may be the only way to solve the problem."

The Teale-Begovich approach is the third route to, or around, reapportionment suggested in the first two weeks and one day of the 1965 session.

Across the way in the Assembly, a Ways and Means Committee was appointed yesterday that has, according to its chairman, "a more conservative look."

Robert W. Crown, D-Alameda, again will head the budget screening group, but this year he says it is a committee with more fiscal responsibility.

"The speaker's whole idea," Crown said, "is to make the committees more conservative, more responsible." The committee was appointed by Assembly Speaker Jesse M. Unruh, D-Los Angeles.

The Democrats hold a 13-8 margin on the committee, compared to 13-7 last year. But Republicans also have increased their margin in the Assembly. Last year the Democratic margin was 52-28. This year it is 49-31.

In the area of unemployment, Assemblyman Willie Brown, D-San Francisco, introduced a measure to boost benefits to out-of-work Californians.

Brown said unemployment paychecks should be based on 55 per cent of the highest wages earned while working. He would put the weekly minimum benefit at $40, the maximum at $75.

Assemblyman John Francis Foran, another San Francisco Democrat, proposed to make it easier to draw the benefits and to hike the maximum weekly jobless paycheck from the current $55 to $65. This is in line with Gov. Brown's suggestion during his annual state-of-the-state address.

But moving in the opposite direction, Assemblyman Jack T. Casey, D-Bakersfield, proposed a measure to reduce considerably the number of persons eligible for benefits.

At present the main consideration in drawing unemployment checks is the amount earned. Casey wants to shift the emphasis to the amount of time employed each year.

Folk Dance Pavilion 'No Memorial'

San Rafael city councilmen decided last night that maybe a folk dance pavilion in Gerstle Park wouldn't be the best possible memorial to the late Cesare Bettini.

They decided, also, that the Gerstle Park tennis courts should remain.

They were helped along in both decisions by several neighbors of the park, who reported that neighbors attending a recent meeting with the parks and recreation commission were 100 per cent against the folk dance pavilion idea.

The neighbors present last night were also unanimously for the tennis courts which the pavilion would replace.

"We certainly don't want to do anything that people in the area oppose," said Richard V. Bettini, speaking for the Bettini family. "What was really intended was to create something that could be used for children's recreation, lectures, concerts, etc., as well as folk dancing. . . . Something the city does not have."

The memorial was proposed by the Bettini family shortly after the death last year of Cesare Bettini, longtime superintendent of Gerstle Park. The folk dance pavilion idea was advanced by the Marin Folk Dance Council.

The parks and recreation commission recommended the idea despite the opposition of neighbors. But the council last night sent it back to that commission for some second thoughts.

Winter War Games

Army Sp.4 Michael W. Kersnar, 24, son of Mrs. Lillian L. Johnson, 511 Turney Street, Sausalito, participated in Exercise Deeds Alone, an eight-day winter field training exercise conducted near Nurnberg, Germany, by the Fourth Armored Division.

City Hall Plans Given Approval

Plans for San Rafael's new city hall were approved, and a contract for demolition of remaining houses on the future city hall block was awarded at last night's city council meeting.

Some specifications for materials in the new hall are yet to be completed, but the council directed that alternates be put out for bids which may result in carpeting throughout the building and in aluminum insted of steel sash windows.

Contract for demolition of the houses on the C Street end of the block was awarded to Ghilotti Brothers of San Rafael at $4,460. Other bidders were E. and F. Contractors of San Pablo at $4,950; Maggiora, Ghilotti and Madsen of Corte Madera at $6,767, and F. G. Nutting of San Francisco at $7,400.

Carl F. Gromme, spokesman for San Rafael Architects Associated, presented a re-design of the new city council chambers with a sloping floor to slightly increase ceiling height, which will be 13 feet 8 inches in most of the hall. This met the approval of councilmen who had questioned the initial plans for the chamber.

There would be only about $50 difference in price between steel sash and aluminum sash windows, Gromme reported. Carpeting throughout the building—instead of only in the council chambers and administrators' offices—would increase initial cost but save money in the long run, he suggested.

The architects still expect to keep the building's cost within the $685,000 figure agreed upon earlier, Gromme said.

However, specifications cannot be completed in time to call for bids on Feb. 15, he reported. He promised to have everything ready for a bid call by the council's March 1 meeting.

Disaster Area Aid Is Asked

The First Congressional District Central Committee has asked President Johnson to include seven million dollars in his 1966 budget for Redwood Empire projects.

The winter disasters on the Eel, Klamath, Mad and Russian Rivers make it imperative that flood control work be speeded, said George McCabe, excutive director of the First Congressional District caucus.

Corte Madera Creek flood control project (1.5 million dollars) is among the projects for which the Democratic central committee asked increased appropriations.

Other projects for which funds were requested are: Novato Creek ($40,000 to resume survey) and San Francisco Bay Model Test ($150,000).

Sen. Murphy Sees Damage Flood Areas

SANTA ROSA (UPI)— Sen. George Murphy and Rep. Don Clausen (R-Crescent City) took a one-day tour of flood-ravaged Northern California yesterday.

Murphy, a member of the Senate Public Works Committee, flew up the Eel River delta, over the Eureka area, and along the Klamath River. He landed in several hard-hit areas and received briefings from local authorities.

Murphy said the authorities generally reported the urgent need for highway and railroad access programs and expressed the need for some expansion of disaster aid programs. They said that the lumber industry was crippled.

Besides Clausen, the senator's contingent consisted of Joseph Carson, chief of the Bureau of Reclamation in Napa County; Major Donald Wisdom, assistant chief of the San Francisco district of the Army Corps of Engineers; Charles Neal, vice president and general manager of Northwestern Pacific Railroad, and Sonoma and Mendocino County supervisors.

Murphy said that he was pleased with the response by federal agencies thus far to the crisis. He planned to return to Los Angeles before returning to Washington to report his findings.

Driver Fined

Tommy Roger Eads, 33, of 109 Carlota Circle, Mill Valley, was fined $166 yesterday in Marin Municipal Court for drunken driving. He was arrested Dec. 29 by Mill Valley police.

Condition Fair After Crash

Dwight A. Merritt, 37, of 26 Unionstone Drive, Marinwood, was in fair condition today at Marin General Hospital where he was transferred yesterday from a Truckee hospital after being injured in an auto accident in Tahoe Vista Sunday.

Merritt suffered a broken elbow, facial cuts and an injured right hip.

Also involved in the accident was his son, Stephen, 11, who was reported in good condition today at the hospital where he is being held for observation.

Mrs. Merritt and four other Merritt children were treated for lesser injuries.

Mrs. Merritt's father, Henry J. Hoepner, 71, of St. Louis, Mo., suffered a cut on the forehead and a back injury. He was reported in good condition today at Marin General Hospital.

School Site Is Approved

Marin County Planning Commission yesterday approved location of a 1,150-student elementary-junior high school at Olema Road on Sir Francis Drake Boulevard northwest of Fairfax.

The commission suggested that the Fairfax School District be prepared to acquire more land adjacent to the site, since there is a chance the State Division of Highways will decide to run Highway 17 through the site.

The planning staff said the highways department has indicated it might pr-empt 4.5 acres of the 19.8 acre site for the road.

Blithedale's Parking Ban Ruling Re-Opened

Citizens last night won a reopening of the Mill Valley City ban on parking on the north side of East Blithedale Avenue.

A. W. Gumperz of 423 East Blithedale Avenue, presented a petition bearing 89 signatures protesting the ban, which was to be effective from 7 a.m. to 7 p.m. between Dell Street and Camino Alto.

The subject will be re-opened Feb. 1, the council agreed. Signs along the busy arterial have not yet been posted.

The council heard a proposal by Councilman Joseph E. Sheeks that $181,000 of employees retirement fund, now invested in savings and loan, be re-invested to include 30 per cent in U.S. and state bonds, 30 per cent in corporation bonds, and 25 percent in cash. Sheeks and Councilman William M. Secor were instructed to work out an exact yield and report April 19.

Police Lt. William Walsh told the council employees wish eventually to transfer into the state retirement system. City Mgr. Bert A. Balmer was requested to see about un-blocking employees' funds held by Occidental Life Insurance Co.

Councilman Albert E. White recommended that the F-86 aircraft in Boyle Park be removed. The matter was referred to the parks and recreation commission. H. Ranier called the plane a "relic of killing." Jerome C. Hauke suggested it be saved, repaired and painted green.

The Mill Valley Youth Advisory Committee was commended for work in 1964 as the council adopted the committee's articles of organization and dissolved it. New members are to pe appointed Feb. 1. Hal Schwart, Richard D. Parino, Clay Underhill and Joseph Brewster were the members.

The Mill Valley City Council Also:

1. Abandoned the old Corte Madera sewer easement.
2. Denied Dreyer-Wilson and Co.'s request for a permit for a real estate office in an apartment zone at 193 Miller Avenue.
3. Approved a permanent use permit for Honda Sales and Repair at 473 Miller Avenue, stipulating curb, gutter, sidewalks, parking area and landscaping be provided.
4. Continued to Feb. 15 application by Western Associates for a permit for a car wash business at Ashford Avenue and Lomita Drive.
5. Adopted amendment to the sign ordinance prohibiting revolving signs, ordinance amendments tightening definitions of home occupation and dwelling unit, and an ordinance providing city employees pay days biweekly instead of twice a month.
6. Voted 3-1, Councilman George E. Wickham dissenting and Mayor Michael Wornum abstaining, to deny Manuel Gomez' plans for a subdivision at Homestead Boulevard and Gomez Avenue on basis of poor planning and lot design.
7. Agreed to extend to May an agreement with Northwestern Pacific Railroad to build the Sycamore Avenue extension grade crossing.
8. Requested that the subject of the county's supplying urban services to unincorporated areas be put on Council of Marin Mayors and Councilmen agenda for its meeting Jan. 27 at Alta Mira Hotel, Sausalito.

Ross Teacher' Sabbatical Pay Policy Is Voted

Trustees of Ross School District last night voted to continue the present policy on sabbatical leaves for teachers, paying teachers on leave the difference between their salaries and those of their replacements.

Supt. William W. Monahan had recommended that the teacher on leave be paid 50 per cent of his salary.

Trustees ruled out the biennial physical examination requirement for teachers and asked for new policy requiring only that new teachers be required to have a physical examination.

They agreed to consider salary requests at their Feb. 15 meeting.

The board agreed to call a special meeting to consider school expansion plans when the plans are completed by architect Martin Rosse.

Trustees A. Crawford Greene Jr. and L. G. Maclise were absent.

Marin Development Is Topic Tomorrow

The citizens advisory committee on development of Marin County will discuss proposals for unifying city and county planning with representatives of other organizations at the Civic Center at 8 p.m. tomorrow.

Organizations that praticipated in the "Future of Marin" conference last year have been invited to send representatives, reported Mrs. E. E. Pierce, committee chairman.

Woman, 19, Pleads Guilty To Forgery

Gay LaVonne Montague, 19, San Anselmo, pleaded guilty to two counts of forgery yesterday in Marin Superior Court. Judgment is scheduled Feb. 8 before Judge Thomas F. Keating.

The woman, of 339 San Anselmo Avenue, is charged with passing two $166.29 checks last Nov. 13 with intent to defraud San Rafael General Hospital. Both were purportedly "signed" by hospital administrator Arthur Burns.

MARIN FIRE CALLS

YESTERDAY:

12:45 p.m., Tiburon—Firemen called to pump out flooded portions of home of Dunnya Chernenko when water pipe broke on third level of her home at 428 Tiburon Boulevard.

3:45 p.m., Sausalito—Mrs. Pat Graham, 611 Main Street, left pot of water on lighted stove and went out to shop; house became full of smoke.

5:50 p.m., Larkspur — Smoke scare at Blue Rock Inn, 505 Magnolia Avenue, caused by large puff of smoke from restaurant fireplace rising over building.

San Rafael Council Lines Up Against Stanford Study

San Rafael city councilmen agreed last night that Marin County should spend no more money on a Stanford Research Institute survey on how to attract industry.

The county board of supervisors had asked cities' expressions on whether the institute should be hired for a $10,000 "phase two" of the survey, the first phase of which cost the county $25,400.

Mayor John F. McInnis and Councilman Louis H. Baar had already opposed the idea at a supervisors' meeting. They got unanimous backing from the other three councilmen last night.

Councilman Charles W. Aby called the institute's study "pretty much of a boondoggle." Councilman Harry A. Barbier said the supervisors "really missed the boat by not using the Marin Development Assn." to make the survey. Others agreed the association could do the job better.

Kennel Club Vote

Sir Francis Drake Kennel Club will hold its annual election meeting today at 8:30 p.m. in the council chamber of the San Rafael City Hall.

Hub Hires Director Of Parks

The San Anselmo City Council last night hired Andrew Snyder, 30, of Tehachapi to fill the newly created post of director of parks and recreation for the city.

Snyder was one of three interviewed by the council last night. He is to start Feb. 1 at $745 a month.

He is superintendent of parks and recreation for the Tehachapi Recreation District.

Councilman John M. Reichmuth was absent at last night's adjourned meeting.

McGucken To Be Guest Of Episcopalians

Archbishop Joseph T. McGucken of the Roman Catholic Archdiocese of San Francisco and a group of clergy and lay members of St. Raphael's Parish will set precedent and break bread tonight as guests at the annual dinner of St. Paul's Episcopal Church in San Rafael.

The dinner is to be another highlight of the community-wide Christian Unity Octave which will continue through Sunday, sponsored by the Catholic parish and four Protestant churches.

Archbishop McGucken will report to the Episcopalian congregation on "Ecumenism and Vatican II," a summary of his observations at the recent session of the Vatican Council in Rome. His speech will be broadcast on KTIM-FM beginning at 8:30 p.m., according to Rev. John Riley, pastor of St. Paul's.

It is believed the first time in the West that a high Roman Catholic official has met with a non-Catholic congregation to discuss the movement for Christian unity launched by the late Pope John XXIII and continued by Pope Paul VI.

Tomorrow, the Unity Octave observance will be in the First Methodist Church of San Rafael at 8 p.m. Rev. Donald H. Baldwin, host pastor, will preach on "I Believe in the Foregiveness of Sins," continuing the Octave's theme of discussion of the Apostles' Creed. A delegation of St. Raphael's parishioners will attend the service.

His father's '65 Ford.....rides quieter than his father's Rolls-Royce

Chuck's father got the Ford. Reginald's father got the Rolls-Royce. Both got a bargain.

Reginald's father has a handcrafted car with all sorts of unique luxuries. Expensive? Naturally. Worth it? Quite.

Chuck's father did fine, too. His Ford rides even quieter than a Rolls-Royce. But it wasn't just quietness that sold him. He shopped around and found that Ford has features, quality and models that simply aren't matched by other cars in its class . . .

Quiet means quality
- 100% new body—strongest Ford body ever.
- New frame "tunes out" vibration.
- New ultrasoft coil spring suspension.

New LTD luxury models
- Decorator-appointed interiors, thick nylon carpeting.
- Ten courtesy lights, five ash trays (4-door hardtops), rear-seat center arm rests.
- Elegant upholstery fabrics—treated with Scotchgard® to resist soiling. ® TM 3M CO.

New spaciousness
- Swept-back instrument panel adds 5 inches extra knee room.
- Curved side glass.
- Transmission hump is lower—for extra foot room.
- Heater and windshield wiper motors not in passenger compartment as in some competing cars.
- More luggage space than in most competing cars—trunk holds four 2-suiters standing upright with room left over.
- SelectAire air conditioner (optional) built into instrument panel, doesn't jut out.

Extra performance and economy
- Big, new 289-cu. in. V-8 standard in XL's and LTD's.
- Thrifty, quiet new standard Big Six—the biggest Six offered by any car.
- All automatic transmissions have three speeds, not two as in some competing cars—smoother shifting, more economy.
- Manual transmissions fully synchronized—you can even shift down to 1st without clashing gears.

Special comforts and conveniences
- Safety-Convenience control panel option. Locks all doors with flick of switch. Lights warn if fuel's low, door's ajar, remind you to fasten seat belts. Button sets exterior lights flashing for emergency roadside stops.
- Silent-Flo ventilation (in 4-door hardtops) provides fresh air in car with all windows shut.
- Optional Swing-Away steering wheel eases entry.
- Handy reversible keys work with either side up.
- Keyless door locking system.

There's more . . . much more in a Ford than you'd expect for the money. Visit your Ford Dealer and take a test drive soon.

Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines and automatic transmissions rode quieter than a new Rolls-Royce. These tests were certified by the U.S. Auto Club.

County Education Unit Views Budget

The Marin County Board of Education last night took an advance look at three portions of its budget, then referred them to its three-man administrative services committee for recommendations.

The $363,975 general fund budget and $349,402 for county school service fund budget are to be submitted to the State Department of Education in Sacramento by Feb. 1, County Supt. of Schools Virgil S. Hollis reported.

"We have to present the general fund budget without knowing where the money is coming from," Hollis pointed out.

He said he is to meet with County Administrator Alan Bruce on Feb. 8 to discuss the budget's presentation to the board of supervisors.

Proposed budget for the superintendent of schools office is practically unchanged from this year at $122,924. Annual salary step increases of some $4,000 will be offset by savings in data processing expenses, according to Robert Stannard, assistant superintendent.

The miscellaneous education category, however, is proposed for $241,051—a jump of $121,474 to more than double this year's figure.

The increase includes $57,924 for operation of a new three-classroom school at the family rehabilitation center, and county schools office take-over of classes at the child care center in Marin City at $68,550 item, Stannard explained.

The county school service fund for the 1965-66 budget is proposed at $349,402, compared to $337,993 this year. The increase lies largely in enlarged audio-visual services, and in projects such as studies of the "Initial Teaching Alphabet," vocational education, foreign languages, etc.

The county schools office has bowed to the state's comment that Marin is spending too much per pupil on direct services to rural schools, Stannard said. Nearly $15,000 has been trimmed from funds for supervision of instruction, health services and pupil personnel services, he said.

The county board also reviewed the proposed special education budget, which is financed by state funds and contributions from school districts. From the current year's $506,651 budget, the figure is expected to increase to $529,769. The increase comes in larger classes for the mentally retarded.

The county board's administrative services committee, with Ben Roark Jr. as chairman, is expected to review the general fund and service fund budgets late this week or early next week.

Better Than None

COLLEGE STATION, Tex. (UPI)—Hamburgers and watermelon for breakfast? For children and teen-agers, that's not such a bad idea, suggests the U.S. Department of Agriculture. The point is simply that such an unconventional morning meal is better than none at all.

Corte Madera Has No Quorum

The Corte Madera Town Council, for the first time in the memory of Mayor Edward W. Colthurst, failed to muster a quorum last night. The meeting was rescheduled for 7:30 p.m. Friday at the town hall.

Present were Colthurst and Charles F. Pendleton. Of the other councilmen, Norman R. Barnett was in bed with a wrenched back, William W. Collier was in Southern California, and Albert E. Kogler was staying by the beside of his sick wife.

Pilgrim Apparel

BOSTON (UPI)—Wardrobe inventories show that when the Puritans emigrated to Boston from England in 1630, they brought along such oddities as "Norwich garters", "Hampshire kerseys" and "a Monmouth cap."

Marin Board Will Host School Budget Meeting

The Marin County Board of Education will host a four-county meeting Feb. 1 to discuss a new law on county school budgets, and the State Department of Education's "Little Report" on California education.

County Supt. of Schools Virgil S. Hollis told the board last night that Sonoma County officials will explain at the meeting how they have fared since the county board of education took over responsibility for that county's general fund schools budget, formerly controlled by the board of supervisors.

Alameda and Contra Costa school officials also will attend, Hollis said. Marin County supervisors have been invited.

The new state law allows the board of education final say over the schools department general fund budget, if the supervisors and the board of education agree.

Board member Adele J. Alpers of San Rafael reported that a countywide committee, representing parent-teacher groups, teachers, school boards, and administrators, has been organized to keep track of Sacramento developments affecting education during the current legislature.

Board chairman Robert G. Randolph of Mill Valley reported that the Alameda County board of education is making an intensive study of the "Little Report" made by Arthur T. Little Associates and will outline its findings and recommendations at the four-county meeting.

Anti-Burglar Drive Due In Tiburon

Sheriff's protection for the city of Tiburon will be "considerably intensified" because of five burglaries in the past month.

City Mgr. Lawrence D. Rose said yesterday he had asked Sheriff Louis P. Mountanos to increase patrols in Tiburon, particularly at night.

A restaurant, liquor store and cleaning establishment have been burglarized at night and a service station was burglarized twice in about a month.

Sheriff's deputies are under contract to patrol the six-month old city, which does not have a police department. Up to now they have been averaging 60 to 80 hours a week patroling within the city limits, Rose said. Each hour of patrol costs the city $4.38.

Rose said the city will pay additional for the added patrol hours, but declined to say the exact number of hours.

"If this is not effective, we will consider additional measures," he said.

Man Is Arraigned In Reckless Driving

Peter Halaula Kalua, 28, of Gate Five, Marinship, was arraigned in Marin Municipal Court yesterday on a charge of reckless driving following a Sunday fracas in which he injured two Larkspur policemen.

No assault charge was filed, but Judge Joseph G. Wilson granted the request of Deputy Atty. Donald E. Paterson to increase bail from $550 to $1,100.

Arraignment was continued until 1:30 p.m. next Monday.

Kalua, a reported karate expert, was pursued by Larkspur police up Sir Francis Drake Boulevard. The 90-mile-an-hour pursuit ended when Kalua's auto knocked over a traffic sign and two light poles at Wolfe Grade and crashed through a fence onto the Eggers Brothers Nursery property at 700 Sir Frances Drake Boulevard. Kalua, confronted by Patrolmen George Newman and Raymond DeLeon, threw the former to the ground, then gave DeLeon a judo chop on the back of the neck.

He was booked in Marin County jail for resisting arrest, reckless driving, and failure to heed a flashing red light and siren.

Marinwood Density Control Is Sought

Marin County Planning commissioners yesterday recommended one step to controlling density in the undeveloped hill area of Marinwood.

Commissioners recommended an amendment to the Marinwood Master Plan that would require 10,000-square foot lots in a 276-acre area northwest of the developed area.

The commission deferred action until April 5 on an amendment that would require 7,500 square foot lots on a 106-acre parcel northwest of the intersection of Highway 101 and Lucas Valley Road. The amendment calls for the area not suitable for development to be left in its natural state.

Commissioners split in granting architectural supervision for a 32-unit, two-story apartment building planned by Loyal B. Davis at 548 Miller Avenue, just outside Mill Valley. Vote to approve was 3-1, with Commissioner William F. Upton dissenting and Commissioner Eugene Trombley abstaining. Commissioners Felix M. Warburg and George Scott were absent for the vote. Scott missed the entire meeting.

The planning staff said that additional parking should be provided, that the topography is a problem and the proposed development would increase traffic confusion on Miller Avenue.

The Marin County Planning Commission also:

1. Denied Charles Fauvre three-foot sideyard setbacks instead of the required six-feet at 350 LaVerne Avenue, Homestead Valley, after receiving three letters in protest and a staff recommendation for denial.

2. Set for March 1 and April 15 public hearings on the West Marin Master Plan.

3. Continued until Feb. 1 application of Frank Gelardi for a permit to excavate on five lots on Shoreline Highway, Tamalpais Junction. The staff reported that excavation would cut out the bottom of hills.

4. Referred back to county supervisors a tentative map of Horse Shoe Hill Unit 2, a 17-acre subdivision in Bolinas, with a provision that all lots in the area be made to conform with the master plan. The map had been sent back to the commission by supervisors after neighbors complained that it did not conform to the master plan.

5. Approved division of a 20-acre parcel owned by Mrs. Doris Roark on the Ottinger ranch, Point Reyes, into 12 and 8 acre parcels, excepting it from all improvements required by the new lot-split ordinance.

6. Approved the division into three approximately one-acre lots of a parcel at 370 Drake's View Drive, Inverness, owned by C. E. Rothwell, against recommendation of the planning staff, which felt the street should be paved before further subdivisions take place along it. Upton dissented.

7. Approved a lot-split by Howard Miller of a 16,213 square-foot parcel at Marin Avenue and Maple Street in Tamalpais Valley, providing a private street is installed to one of the lots and a five-foot strip along Marin Avenue dedicated for future street widening.

Tidelands Filling Plan Opposed

The United States Fish and Wildlife service has filed a protest against a San Rafael man's plans to fill 20 acres of off-shore tidelands in San Rafael Bay off Canal Street.

The protest is the only one received so far by the Army Corps of Engineers, but others could come in within a few days, permit officer Alfred Eklund said today.

Townsend L. Schoonmaker filed the application last month.

Two Apartment Projects In Kentfield Postponed

The Marin County Planning Commission yesterday postponed action on two proposed apartment projects in Kentfield as the result of an interim ordinance passed by supervisors last week.

The ordinance put a freeze on development in the downtown area of Kentfield that conflicts with the Kentfield General Plan.

Supervisors will have a public hearing on the plan at 8 p.m. Thursday at Olney Hall, College of Marin.

Commissioners postponed consideration of architectural supervision of the proposed apartments for an indefinite period. The apartmetns are planned for an area that is designated as strictly commercial in the master plan. The present zoning of the area is commercial, which permits apartments.

Postponed were an application for architectural supervision of a 14-unit apartment house at 929 Sir Francis Drake Boulevard filed by B. J. Sirvain, and an application for architectural supervision for a 12-unit apartment house with two stores at 915-919 Sir Francis Drake Boulevard filed by the Baimer Corporation.

Tools Stolen

Leland E. Moon of 133 Greenfield Avenue, San Rafael, told police yesterday that a $54 set of tools was stolen from his carry-all truck between 6 p.m. Friday and 8 a.m. yesterday while the truck was either at 1530 Fourth Street or at his home.

Building Contractor Pleads Guilty

Gerald C. Kott, Mill Valley building contractor, pleaded guilty yesterday in Marin Superior Court to a charge of receiving stolen goods. Judge Thomas F. Keating scheduled Feb. 8 for judgment.

Kott, 39, of 361 Cascade Drive, had a mobile air compressor and a trailer stolen from Elmer J. Freethy Co. of El Cerrito in his possession when arrested last October.

Gets Jail Term

Six months in Marin County jail was given Isaac Felder, 32, of Marin City yesterday in Marin Superior Court for having a forged check in his possession last may 12 with intent to defraud Brice Brothers Market, Tiburon Highway and Blackfield Drive, Tiburon.

LOWER TAX ADVANTAGES DUE IF INCOME RECEIPT DELAYED

From the California Society of Certified Public Accountants

The 1964 tax rates are lower than in past years, and additional reductions are scheduled for 1965. It is therefore generally desirable to reduce 1964 taxable income by postponing receipts of income or by accelerating the time of payment of deductible items; however calculations of the effect of such possible moves must be made in each case to be sure of the outcome.

Withholding tax was reduced in March of 1964 to a greater extent than justified by the tax rate changes so that many employees will owe additional U.S tax on April 15, 1965.

Better make a calculation now so you can plan for this outlay.

Bank Applies For Northgate Branch

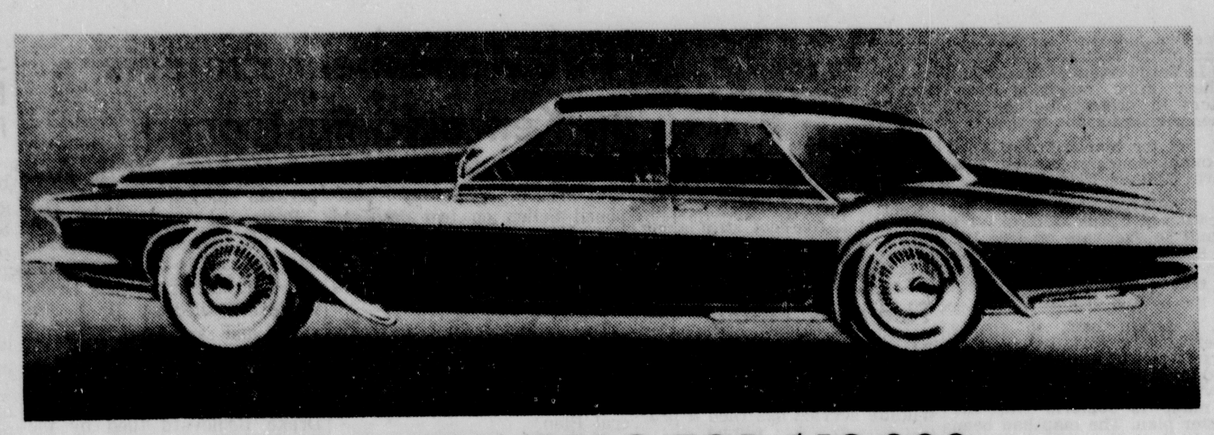
First Western Bank and Trust Co., headquartered in Los Angeles, has applied to the State Banking Department for permission to establish a branch in the Northgate Shopping Center in San Rafael, it was announced today.

Albert R. Schreck, a vice president at Northern California district headquarters in San Francisco, said clearance would have to be secured also from the State Bank Insurance Corp. Meanwhile, he said, negotiations are under way with the Draper Companies for space at Northgate.

After six months, if all hurdles are cleared, the bank will probably open temporary Northgate quarters, with a permanent location to be decided upon later, Schreck said.

First Western formerly had a branch at 1017 Fourth Street, San Rafael, but in 1960 its statewide chain, pursuant to a court decree, was divided into First Western and United California Bank, with the latter taking over the San Rafael office.

First Western, owned by the Great America Corp., now has 71 offices in California, Schreck said.



NEW DUESENBERG FOR $18,000

This is the preliminary design being considered for the new Duesenberg four-door luxury sedan which the Duesenberg Corp., Indianapolis, Ind., will introduce early next fall. The car will be a direct descendant of the famous Duesenberg of the 1920s and 1930s. It will be powered by a V-8 engine developing more than 400 horsepower, and will sell for around $18,000. Market Reaches Peak During Active Trading

NEW YORK (AP) — The stock market closed higher today, making new peaks on average for the second day. Trading was active.

Volume for the day was estimated at 5.6 million shares compared with 5.55 million yesterday.

A rally by steels paced an uncertain market definitely higher. Selective improvement occurred in other sections of the list.

Gains of around a point were made by U.S. Steel, Bethlehem and Jones & Laughlin. Other steels added fractions.

General Motors, after a sluggish start, advanced more than a point. Ford gained a fraction. Other autos did little.

International Harvester and U.S. Gypsum gained about a point each. Eastern Airlines rose well over a point.

Up nearly a point were such stocks as Xerox, U.S. Smelting and General Electric.

Other airlines were mixed, as were electronics, rubbers and chemicals.

Down a point or so were G.D. Searle, Boeing, Grumman, Armour, Arlan's Department Stores and Du Pont.

Owens-Illinois Glass gained about 2.

On the American Stock Exchange prices rose in moderate trading.

Corporate bonds were mixed. U.S. government bonds were mostly unchanged.

Bonds Purchased

SAN FRANCISCO— A Bank of America underwriting syndicate has purchased the $1,250,000 bond issue of the Rio Vista Joint Union High School District, Solano and Sacramento counties. Group paid a premium of $629 for a combination of 5, 2¾ and 3 per cent bonds.

AAU HEAD SEES END TO FIGHT

Summit Meet Called For

NEW YORK (AP) — The new president of the Amateur Athletic Union, in response to an NCAA invitation, has asked for a meeting "on the highest possible level" and has sighted a possible solution to the long-standing and complex dispute with the National Collegiate Athletic Association.

The NCAA, however, all of a sudden, isn't quite so sure.

"These things have to go through the right channels," said Walter Byers, NCAA executive director in Kansas City yesterday after being informed of the AAU stand.

"Anyone who thinks this thing can be solved on a strictly NCAA-AAU level has to be ridiculous," Byers said. "The problem is much more far reaching than that."

In New York, the new president of the AAU, Clifford Buck of Denver, who took office only a month ago, said:

"If the presidetn of the AAU can presume to have a platform, mine would include two basic planks.

"1. To launch an improved program for athletics and athletes.

"2. A prime objective must be the satisfactory settlement — a mutually satisfactory settlement — of the difference of opinion between the AAU and the other organization.

"My personal feeling is that I'd be glad to sit down and discuss with anyone, a plan leading toward a solution.

"I feel the best chance for a solution is for a meeting on the highest possible level."

The NCAA, which supervises the athletics of most of the nation's colleges, in its recent convention in Chicago passed a resolution calling for "direct communication" with the AAU leading to "negotiations toward cooperative certification and sanctioning of track and field on a domestic level."

"I was delighted and greatly encouraged by the action taken in the Chicago convention," Buck said. "I have not yet had any communication from the NCAA, but I am eagerly looking forward to it. Their recent actions are most heartening."

Later, however, Byers said no such communication has yet been initiated, but will be forthcoming shortly.

He said, too, that the NCAA Council — the group's policy-making body — had decided that any such negotiations and communications should be initiated by the NCAA representatives to the U.S. Track and Field Federation.

This group, set up and sponsored by the NCAA, represents other interests than the NCAA but placing the negotiations in this group's hands would seem to kill hopes for a high level meeting between the NCAA and the AAU.

"We would be happy to meet with the AAU on matters concerning the two groups alone," Byers said, "but this matter concerns other groups, which properly falls under the supervision of the USTFF, of which we are only one member."

It's all very complex and very confusing.

At stake is control of track and field competition in this country.

The NCAA, representing the colleges, first asked for more control and sanctioning of international competition in which college athletes compete. They since have retreated from this position and now ask for more control and sanctioning of domestic meets in which college athletes compete.

The AAU, which has the international franchise for sanctioning of all open meets — that is, meets in which other than college athletes compete — has opposed the NCAA position.

There was a temporary truce forged by the late Gen. Douglas MacArthur, when the dispute threatened to wreck this country's Olympic teams. This truce has ended and the feud is on again.

CHAMPION PRACTICES FOR S. F. SHOW

Andres Botero, 1965 Columbian national men's overall water ski champion, gets in some practice at the Masters Water Ski School in Novato for the San Francisco National Sports and Boat Show slated from Feb. 5 through 14 at the Cow Palace. Bill Elias Takes Over As New Grid Coach At Navy

ANNAPOLIS, Md. (AP) — Bill Elias of Virginia signs on today as the fourth civilian coach of Navy football teams since the Naval Academy decided to stop rotating officers in the job after World War II.

His immediate predecessors —Eddie Erdelatz (of San Rafael) and Wayne Hardin—had successful runs of nine and six years, respectively, before resigning under pressure after personality clashes.

The first civilian coach, George Sauer, formerly of Kansas, lasted only the post-war seasons of 1949-50.

Elias, head coach of the Cavaliers the past four years, was formally offered and accepted the Navy Coaching job yesterday.

The 41-year-old coach was due here today to sign his contract which Capt. William S. Busik, director of athletics, said would be for one year and is "in the vicinity" of the reported $19,000 annual salary paid Hardin.

Elias brings to Navy a reputation as an organizer and recruiter. An assistant at Purdue for seven years, he was named Southern Conference coach of the year in 1960 when he posted a 5-3-1 record in his one season as head coach at George Washington. He achieved the same honor at Virginia in the Atlantic Coast Conference the next year when his team won more games than the Cavaliers had in four previous seasons.

His over-all record at Virginia was a losing one of 16-23-1, but the team is now regarded as a contender for the ACC title.

He also showed a flair last season for beating Army with a 35-14 upset that caught the eye of Navy brass.

"Although that was noted, it was not the overriding factor," Busik said.

"We are delighted to get a man of Bill Elias' caliber," Busik added. "He comes to us well recommended. We have every confidence that he will do an outstanding job as Navy's head football coach."

Elias was one of 15 candidates interviewed by the academy's Athletic Board of Control, including five assistant coaches on Hardin's staff.

"I feel that the position at Navy is at the top of the coaching profession," Elias said. "I am delighted at the opportunity to accept."

He said he actively sought the job and that getting it "is beyond my furthest dreams."

He talked to Navy athletic officials during the National Collegiate Athletic Association meetings in Chicago last week and was interviewed at the academy last Saturday.

"They were looking for a certain type individual, and I'm thankful I fit into that type," he said.

Elias, a native of Martins Ferry, Ohio, was a quarterback at Maryland under Clark Shaugnessy, Bear Bryant and Jim Tatum. He graduated in 1948 and coached Richmond, Ind. High School to 23 straight victories before joining the Purdue staff in 1953. He obtained a master's degree at Maryland in 1956.

2 Bay Area Cage Stars Win Honors

SAN FRANCISCO (UPI)— Two Bay Area backcourt aces were honored by Northern California's basketball writers yesterday as co-players of the week, but it was a UCLA forward who drew the biggest plaudits.

Coaches Rene Herrerias of California and Howie Dallmar of Stanford both lauded Keith Erickson of the Bruins as All America caliber. They should know, since the Bears and Cards were clobbered by the nationally top-ranked UCLA squad last weekend.

Herrerias called the 6 foot 5 Erickson "a small Bill Russell," while Dallmar called him "outstanding in every phase of the game . . . His timing is incredible."

The co-players of the week were play-making Huey Thomas of the nationally six-ranked USF Dons and sharp-shooting Everett Adams of San Francisco State.

Thomas had a spectacular game against Portland last his eye that required 15 stitches to close, but coming back in the second half for three fast-break buckets that took the Pilots right out of the game.

Adams was honored for his 29-point blast against Hayward State which put the Gators atop the Far West Conference with a 3-1 record.

Hernandez Wins Jr. Welter Title

CARACAS, Venezueia (AP) — Carlos Hernandez, a playboy fighter who had just finished a suspension for a drinking escapade, today held the world junior welterweight title after scoring a narrow, upset victory over defender Eddie Perkins of Chicago.

The tall, 24-year-old Caracas clouter, noted both for his punching prowess and irregular training habits, surprised the home fans by finishing his first 15-rounder with plenty of bounce.

Hernandez won the 140-pound division championship on a split decision as the two Latin American judges outvoted Henry Armstrong, the American referee who once held three world boxing titles.

Armstrong had Perkins the big winner on points, 150 to 129. Judge Dimas Hernandez Nokin had Hernandez in front, 143-142 while Judge Santos Arizmendi scored it 146-143 for Hernandez.

Sports writers had the fight even, giving each six rounds and calling three rounds even. Most of them agreed that Perkins was the aggressor and landed more effective blows, especially uppercuts.

A poll of the ringside showed many felt Perkins had been robbed. But one sports writer accused Armstrong of being influenced by his nationality.

The 27-year-old Perkins, who had won seven straight fights including three title contests in the last two years, received a $22,500 guarantee for risking his crown in Hernandez' home town.

Perkins probably will get a return bout.

Fighting in his opponent's home town is a regular thing with Perkins. The 140-pound division crown is more highly prized outside of the United States. Perkins has had six junior welterweight fights, all of them in backyards of his opponents.

Perkins, who weighed 140 pounds to Hernandez' 139¼, carried the fight to his tall rival in the first half of the fight. He worked on the Venezuelan's body and then moved in close in order not to give Carlos any punching room for his feared right.

Hernandez had dropped Perkins with the right in a non-title bout which the American won in Caracas in 1961.

Hernandez opened up in the 11th round and took the play away from the champion but he could not drop him. There were no knockdowns. Hernandez was cut over the right eye in the 10th round but the gash did not hamper him.

Perkins, who stands 5-foot-5, was booed for his frequent holding. Armstrong also was the target of boos for not breaking the fighters faster.

Hernandez has a 38-4-4 won-lost-record. Perkins' record is 31-10-1.

They originally were scheduled to meet last month but the bout was postponed when Hernandez was suspended by the commission here for getting involved in a drinking incident on the streets.

Because of his playboy habits and nocturnal prowling, the experts here had predicted that Hernandez would have to knock out Perkins to win. Few ever thought he would be able to go 15 rounds without flopping on his face.

17 More Qualify In Crosby

PEBBLE BEACH, Calif. (AP) —Seventeen more professional golfers, shooting 73s or under on an 18-hole course, have qualified for Thursday's Bing Crosby golf tournament.

The pros topped a field of 160 during competition yesterday for 18 spots left open after previously qualified pros were listed.

The 18th and final vacancy was to be selected this morning. A playoff at 74 strokes was possible, depending upon the outcome of two foursomes completing play today.

Ross Coon and Jim Mooney led the qualifiers with 71s.

Coon is from Newport, R.I.

Mooney's hometown has not been listed with tourney officials.

Other qualifiers:

72— Dick Whetzle, Baltimore, Md.; Bob Moore, Salinas, Cal.; Dewitt Weaver, Mobile, Ala.; Ron Nicol, Scarsdale, N.Y.; Peter Mazur, Smithtown, N.Y.; Labron Harris, Burneyville, Oklahoma; Chick Evans, Salt Lake City, Utah, and Ed Davis, Muncie, Ind.

73— Phil Wiechman, Holland, Mich.; George Keyes, Phoenix, Ariz.; Ed Justa, Greenville, N.C.; Ray Montgomery, Palm Springs, Calif.; Bob Johnson, Tacoma, Wash., Bobby Ford, Wilmington, Del., and Bob Frainey, Brockton, Mass.

At 74 were Sam Reynolds, Springfield, Mo.; Jerry Mowlds, Portland, Ore.; Bob Zimmerman, Dayton, Ohio; Joel Spinola, Richmond, Calif.; Duff Lawrence, Cedar Rapids, Iowa; Al Kelley, Orlando, Fla., and Al Johnston, Montreal, Canada.

Grid Hall Of Fame Gets 7 New Members

CANTON, Ohio (AP) — Seven past National Football League stars, including three brilliant quarterbacks of the T- formation era, have been named to the National Pro Football Hall of Fame.

Their unanimous selection was announced today. The choices of the selection committee were Otto Graham, Sid Luckman, Bob Waterfield, Steve Van Buren, Paddy Driscoll, Guy Chamberlain and Dr. Daniel Fortmann.

The seven, who will join 24 illustrious figures previously named to the hall, will be inducted Aug. 7 prior to the Detroit- Washington exhibition game.

Graham, of Northwestern, was the sensational quarterback of the Cleveland Browns from 1946 through 1955.

Chamberlain, of Nebraska, player-coach from 1919 through 1928 with the Canton Bulldogs, Cleveland, Frankford Yellowjackets, Chicago Bears and Chicago Cardinals.

Driscoll, of Northwestern, player-coach 1919-1931 and a coach with the Chicago Cardinals and Chicago Bears, 1941-1964.

Fortmann, of Colgate, guard with the Chicago Bears, 1936-46

Luckman, of Columbia, Chicago Bears quarterback, 1939-1950.

Van Buren, of Louisiana State, halfback with the Philadelphia Eagles, 1944-51.

Waterfield, of UCLA, quarterback with the Cleveland and Los Angeles Rams, 1945-52.

A. J. Foyt Is Still Under Close Watch

RIVERSIDE, Calif. (AP) — Veteran race car driver A. J. Foyt, injured Sunday in a racing accident, was reported in satisfactory condition at a local hospital, but still under intensive care.

Hospital spokesmen said Foyt was experiencing some discomfort, and was under close observation because of possible internal injuries. They said he apparently has a fractured vertebra.

Foyt, 30, who earned more than a quarter of a million dollars in auto racing last year, was alert, cheerful and asking for newspapers and television.

He was injured on the 170th lap of the 185-lap Motor Trend 500 - mile stock car race when his 1965 Ford plunged off the track at about 100 miles an hour, then bounced end over end, landing upright.

Officials said brake failure was apparently the cause of the accident.

Indiana Quint Upended By Iowa, 74-68

By FRED McMANE
UPI Sports Writer

The Indiana basketball team would hate to admit it, but it looks as if that old song, "Back Home Again in Indiana," has become the team's swan song.

The fifth-ranked Hoosiers, who returned to their home court last night after two successful road victories, found that their home surroundings weren't so sweet after all as they lost to the Iowa Hawkeyes 74-68 in a crucial Big Ten Conference clash.

The loss was a rough one for Indiana to absorb since it dropped the Hoosiers into fourth place in the Conference with a 3-2 mark. Oddly enough, Indiana defeated Iowa on the Hawkeyes' home court a week ago.

Last night's game was all Iowa from the outset, however. The Hawkeyes, hitting a deadly 53 per cent of their shots in the first half, grabbed the lead with barely 11 minutes gone and held it the rest of the way.

Top Scorers

Gary Olson and Chris Pervall each tallied 20 points for the winners while Dick Van Arsdale and Steve Redenbaugh each scored 18 for Indiana.

There was a shortage of games on the college cage calendar yesterday due to the beginning of mid-year exams, but a handful of schools did see action.

In major contests, 13th-ranked Tennessee upended Georgia 76-57, Butler upset Bradley 80-74, Kentucky downed Auburn 73-67, Georgia Tech tripped Virginia Military Institute 82-71 and Nebraska whipped Iowa State 88-77.

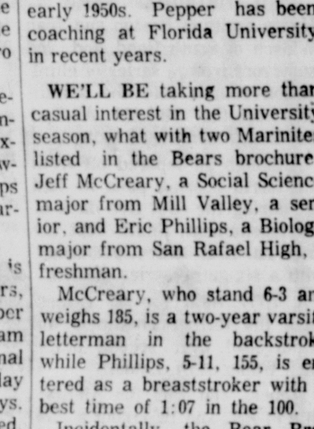
Ex-49ers Say Pro Grid Needs Some Sweeping Rules Changes

Yesterday's mail bag brought an interesting missive signed by a couple of San Francisco 49er alumni, Ed Balatti (1947-48) and Bob Toneff (1952-58, now with the Washington Redskins). Give a listen to what they have to say:

"Ed Randol's column (Sidelines) is always a source of pleasure to us ex-49ers here at Geary Motor Sales (Balatti is president, Toneff assistant sales manager). Since Bob Toneff and I live in Sleepy Hollow and Kent Woodlands, respectively, and read the Independent - Journal constantly, Ed Randol's recent column (Jan. 12) suggesting sweeping changes in the NFL rules got us started in a 'hot stove' session on the subject.



BOB TONEFF

"We couldn't agree more that the game as it is now played lacks a great deal of the excitement needed to make it the great spectator sport it should be Randol's suggestions are certainly worth-while and the 49ers' front office would like a copy of his column for ammunition to be used at the league's winter meetings.

"We would like to contribute one more idea, namely if all kickoffs were made from the 30-yard-line, running room would improve and everyone concedes that the kick return is one of the most exciting plays in football.

"We would like to see more of Ed Randol's work, as well as the opportunity to meet him personally some time."

Nice to hear from Ed and Bob. We'll send a clipping of Randol's column to the 49ers' Lou Spadia. Who knows, little old Sideliner may be responsible for a major shakeup in the pro rule books.

Randol, by the way, has "retired" for the spring and summer. Being our pro football expert, he's a seasonal sport. However, if football season keeps growing, he may be a year-round sport.

MY OLD PAL Walt Silva is one of Marin's better bowlers, good enough to be a member of the San Rafael Padres team in the Western Professional Bowling League, but Sunday wasn't one of Walt's better days. In fact, he shoulda stood in bed.

You've seen Willie Mays drop a pop fly or Wilt Chamberlain muff a layup? Sure you have. All athletes have a bad day once in a while and Walt Silva chose Sunday for his nightmare.

It was during San Rafael's close match with Santa Clara in league action at Santa Clara. Silva was called on to bowl only one game, but it was a beaut. It must be a great inspiration to all low average bowlers to know that pro Walt Silva bowled a 131. One hundred and thirty one!

After the scores came out in last night's paper we got several calls telling us that it must have been a typographical error. But when we assured the callers the 131 was accurate, they all cheered. "If a fine bowler like Silva bowls a 131," gushed one bowler, "then there's hope for me."

We'd like to remind Walt that Arnold Palmer once took 12 strokes on one hole in a major tournament, and Willie Shoemaker lost a sure Kentucky Derby victory by misjudging the finish line. So his 131 Sunday isn't so bad at that. It was just one of those days.

I see where the committee for the Marin Sports Injury Conference has brought in a skiing instructor to participate on the panel on "Conditioning in Relation to Injury Prevention." He is Henry Garland, an M.D. The thought of a doctor who teaches skiing kind of tickles me for some reason. His poorest students become his best patients?

THE PEPPER ROGERS hired by new UCLA grid coach Tommy Prothro as one of his assistants is the same Pepper Rogers who coached the Hamilton Air Force Base team back in the early 1950s. Pepper has been coaching at Florida University in recent years.

WE'LL BE taking more than casual interest in the University season, what with two Marinites listed in the Bears brochure: Jeff McCreary, a Social Science major from Mill Valley, a senior, and Eric Phillips, a Biology major from San Rafael High, a freshman.

McCreary, who stand 6-3 and weighs 185, is a two-year varsity letterman in the backstroke while Phillips, 5-11, 155, is entered as a breaststroker with a best time of 1:07 in the 100.

Incidentally, the Bear Brochure tells us that ex-Redwood High and Cal diving star Jay Rodrigo is now in medical school at the U.C. Med Center in San Francisco. Jay was undefeated in dual meet diving competition and was the AAWU three-meter champ last year.

Ramirez Wins On Decision

SAN JOSE, Calif. (AP)—Manuel Ramirez's left hooks gave him the last three rounds and a 10-round decision over Gabe Hernandez of Los Angeles last night in a lightweight match at San Jose.

Ramirez's victory was his 11th straight since turning professional and his second decision over Hernandez. The winner fought for the last six rounds with an open, bleeding cut over his left eye. The rounds were scored 5-2-3.

In a battle of middleweights, Benny McCorvey of Phoenix used left hooks and a sharp jab to decision Leon Linscomb of San Francisco 5-2-3.

The fights were the first of the year at San Jose. Attendance was 700.

UCLA Ups Margin In Basketball Poll

By BEN OLAN
Associated Press Sports Writer

The men who vote in the Associated Press' weekly major college basketball poll had good reason to walk with chests expanded today.

So do the top ten teams, including streaking UCLA which has increased its first-place margin.

A week ago, the Bruins held a 58-point lead over Michigan. Wichita was third followed by St. Joseph's, Pa., Indiana, Providence, St. John's, N.Y., Davidson, San Francisco and Duke.

The selections obviously couldn't be beaten because the ten put together a combined 18-0 record with Providence the only non-victorious team last week. The Friars, the only unbeaten major team, were idle.

As a result, there were only a couple of minor shuffles in the rankings. St. Joseph's moved into third place, switching positions with Wichita. Davidson, a three-time winner last week, advanced to seventh while St. John's dropped back a notch to eighth.

The regional panel of 41 writers and broadcasters gave UCLA a 90-point edge in the latest balloting. The Bruins collected 34 first place votes and 401 points on a basis of 10 for a first place vote, 9 for second etc.

The Bruins beat California and Stanford last week, extending their winning streak to 13 games.

Michigan, 10-2, defeated Northwestern 90-68 to hold the runner-up spot. St. Joseph's, which nosed out Wichita for third place 274 points to 273, beat Seton Hall 115-81 and Lafayette 82-68 while the Shockers whipped Southern Illinois 94-81 and St. Louis 75-64. St. Joe's record is 14-1 and Wichita's 12-2.

Indiana lifted its record to 12-1 and maintained the No. 5 spot on the strength of victories over Iowa and Ohio State. But the Hoosiers slipped against unranked Iowa last night, losing 74-68.

Davidson turned back Citadel, West Virginia and Presbyterian while St. John's beat Creighton and Seton Hall. San Francisco, No. 9, has a 12-1 mark after vanquishing Portland, Ore., and Santa Clara while Duke's Blue Devils, victors over Clemson and Wake Forest, remained in 10th place.

The Top Ten, with first place votes in parentheses, won-lost records through games of Monday, Jan. 18, and points on a 10-9-8-7-6-5-4-3-2-1 basis: (Voting based on results through Saturday, Jan. 16.)

1. UCLA (34)	13-1	401
2. Michigan	10-2	311
3. St. Joseph's, Pa. (3)	14-1	274
4. Wichita	12-2	273
5. Indiana (1)	12-2	218
6. Providence (3)	11-0	182
7. Davidson	14-1	157
8. St. John's, N.Y.	11-2	128
9. San Francisco	12-1	111
10. Duke	10-2	80

Others receiving votes, listed alphabetically: Connecticut, DePaul, Illinois, Kansas, Miami of Ohio, Minnesota, New Mexico, North Carolina State, St. Louis, Tennessee, Vanderbilt.

The FISHIN' FOOL

By RALPH STEVENS
I-J Fish and Game Writer

Marin Side Of San Pablo Bay Is Not Producing For The Anglers

STEVENS

Thick fog, rough and dirty water, combined with a series of minus tides added up to poor results fish-wise for the comparatively few hardy souls who bucked the elements in their search for bass on the Marin side of the San Pablo Bay. Joe Nerviani of Joe's Launching at Santa Venetia, said tersely: "Bad water and muddy, kept the score for Saturday—and up until noon Sunday—to a near record for slow fishing. On Saturday only 3 stripers were unloaded at my place. Sunday I have eight boats out and a number that started out but reversed their course after a fairly short time — no fish!"

ON THE CONTRA Costa side of the Bay, Dowrelio's Crockett Harbor reported Johnny Sivera, The Sturgeon King, managed to haul over the side of his boat, four sturgeon to 29 pounds, but had no bass. The combination stated above proved disastrous."

Understand, please, I am reporting only on the upper San Pablo Bay, where a series of minus tides historically slow down bass production to almost a standstill. It is a different story for the stretch from around Red Rock to China Camp and environs. Scattered reports show the boat Duke No. 2 had an 18 pound bass from near the Pump House; Mitzi Ikeda took two stripers to 25 pounds out of Rodeo (the starting place).

Hal Boenner of Lee Anderson's in Oakland relayed a really hot report of happenings with rock fishing attempts. Did I say "HOT" . . . It's more than that, it sizzles. Listen! The good ship Miss Dragnet came back to port on Saturday with 18 limits of rockfish and 48 ling cod to 30 pounds.

HAL BOENNER also reported what seems to be the best news of all. "Here's some really hot news, Ralph," said Hal. "Fishing for bass has been almost sensational along the rocks off Ashby Avenue and that stretch of water. Lots of nice striped bass have been taken this weekend. Fish are running to good size, too; Herbert Fowler had fish to 21 pounds, and quite a few anglers made the grade."

So there you are. True to the pattern as regards the upper San Pablo Bay when a series of minus tides takes over, and the lower waters have been fairly productive. Chances for a sturgeon or a mess of fine fat flounders looks good in the upper waters, and will become much better for stripers as the tides return to normal and clear the water somewhat. The lower reaches, the S.F. Spots and the lower Bay may furnish some fair to good returns by the coming weekend.

IF YOU MUST have fish to feed the family and the neighbors, reserve a seat aboard a party boat going outside—by the Farallone Islands or other spots closer to shore. Should you hanker for a meal of flounder fillets, or a sturgeon steak, and the upper bay is not too rough, try the harbors on both the Marin and the Contra Costa side of San Pablo Bay.

For sturgeon try baiting with local shrimps; for flounders, use very small hooks, and small bits of sardine or shrimp. And that's it for the nonce.

1,472 Series Sets All-Star Keg Mark

PHILADELPHIA (AP) — Harry Smith of Boston and Jean Winsch of South Bend, Ind., led survivors from a series of elimination rounds into the semifinals of the $100,000 All-Star Bowling Tournament today.

Although he tapered off from the torrid scoring pace he had set during the first five days of the tournament, Smith kept his grip on first place yesterday with a six-game series of 1163.

A 7,777 total for 36 games gave the former champion an 11-pin lead over second place Dick Weber of St. Louis.

Weber, who won the All-Star title in 1962 and 1963, shot a 1276 total yesterday. Fred Lening of Fairless Hills, Pa., a tenacious contender throughout the qualifying, was in third place with 7707 although he had only 1203 yesterday.

Gene Rhoda of Valparaiso, Ind., provided the most dramatic moment of the day when he shattered the six game record for the tournament with a 259-234-240-236-237 — 1472 series.

In 1960 Bill Pace of Kansas City, Mo., set the previous six-game record for qualifying, 1442. But Rhoda also cracked the over-all tournament record of 1445 fashioned by Bill Helsel of Tampa, Fla., during the 1963 semifinals.

Last November, Rhoda, 28, blasted a 1532 six-game series in a Professional Bowlers Association Tournament in Columbus, Ohio, to crack the world record for all tournaments. In that same event he established a new mark for 12 games, 2,983.

Rhoda's big series gave the 6-foot-3, 230-pound, bowling professional a 36-game total of 7558, placing him 17th in the field.

The men's semifinals field consists of the 72 high scorers from the 216-man quarter-finals roster. The low score to qualify was 7338.

Many of bowling's top names were among the casualties of yesterday's cut. Buzz Fazio of Detroit, Tom Hennesseey of St. Louis and former champion Bill Tucker of Los Angeles were among the 144 men who got their walking papers.

Defending women's champion LaVerne Carter of St. Louis was eliminated after a dismal performance in the preliminaries. She rolled a 1056 six-game series yesterday and her 3,223 placed her 109th.

Mrs. Carter, who won the 1964 All-Star in Dallas with a 683-609 victory over Evelyn Teal of Miami, had averaged 190 for 12 previous tournaments. Her average this year was 179. Mrs. Teal also was eliminated.

Mrs. Winsch has an unspectacular 18-game total of 3573. The blonde mother of two rolled a modest six-game series of 1122 yesterday, but it was enough to keep her in front of the low-scoring 216-girl qualifying field.

Olga Gloor of Chicago fired a 1227 series and her 2569 total placed second. Helen Duval of Berkeley, Calif., who had taken the lead early in the day with 3559, dropped to third place, with a 1215 total.

The best women's score of the day was a 1231 by Chris Barbre of Dallas. Her 3125 output was barely enough to earn a berth in the semifinals.

The low score to qualifying for the women's semifinals was 3301.

Griffith—'Fighter Of Year'

NEW YORK (AP) — Emile Griffith, the busy welterweight champion, was named today Ring Magazine's Figher of the Year for 1964.

The 26-year-old New Yorker, a native of the Virgin Islands, beat out heavyweight champion Cassius Clay for the honor in Ring's annual poll of its staff and worldwide coorespondents.

Lightweight champion Carlos Ortiz of New York was rated third. Light heavyweight champion Willie Pastrano of Miami and bantamweight king Eder Jofre of Brazil tied for fourth. Mexico's Vicente Saldivar, the new featherweight king, was sixth, followed by middleweight champion Joey Giardello of Cherry Hills, Pa., and junior welterweight ruler Eddie Perkins of Chicago.

Clay's dethronement of Sonny Liston was rated the Fight of the Year and light heavyweight contender Jose Torres' first round knockout of former middleweight champion Bobo Olson was picked as the Round of the Year.

Griffith defeated Luis Rodriguez of Miami and Brian Curvis of Wales in title defenses in 1964. The strong 147-pounder has fought 10 welterweight title fights in less than four years. He won eight and lost two, beating his conquereros in return bouts.

Clay was Ring's selection for Fighter of the Year in 1963.

Pastrano was the choice of the Boxing Writers' Association as Fighter of the Year for 1964.

Ring's Fighter of the Year selection and its annual world ratings were released in the monthly magazine's March issue.

Monte Carlo Field Hurt By Weather

MONTE CARLO (AP) — Only 34 cars out of a starting field of 237 reached Monte Carlo within the time limit today as severe weather and icy roads over the Alps plagued drivers in the annual Monte Carlo Rally.

The German team of Helmut Kelleners and Ferdinand Bokmann, driving a Glas, was the first to arrive. A total of 184 cars had started the last mountain leg of the long distance run.

The cars which made it to the finish, still subject to official scrutiny, will be eligible for the local events of the rally, which will determine the final winner at the end of the week. The mountain speed run is scheduled Wednesday.

Key Figure Guilty In Soccer Fix

NOTTINGHAM, England (AP) — Ronald Howells, a central figure in Britain's far-reaching soccer scandals, has been found guilty of conspiring to fix games and cheat bookmakers.

Howells, a former member of the Scunthorpe United team and one of 10 professional players involved in the scandals, was convicted yesterday. He had pleaded not guilty.

James Gauld and Samuel Chapman, former Mansfield Town players linked with Howells in the fixing of a game between Scunthorpe and Mansfield on April 6, 1963, had pleaded guilty.

Another defendant, former Mansfield Town captain Brian John Phillips, changed his plea to guilty on two charges that he conspired to ensure that Hartlepools United lost two matches to Mansfield in March and April, 1963. Phillips' not guilty plea to another charge was ordered left on file.

The charges against all 10 men came after a series of articles in the London newspaper The People exposed them.

Sentencing is scheduled for Jan. 26.

Big Plans For Bay Marina

Preliminary dredging operations are underway to change the little Red Rock Marina, on the site of the old ferry terminal at Point Richmond, into a swank new boating center with berthing facilities for 255 sail and power boats of various sizes.

The existing 55-berth harbor, adjoining the old Richmond-San Rafael ferry pier, will be engulfed by the addition of 200 yacht slips in the protected cove immediately north. Developer for the project is Dick Naylor of Greenbrae. Naylor acquired the property early last year.

After dredging to a minimum depth of six feet at low water, establishment of an anchored barge breakwater and pile driving for finger piers are slated for early February. Work will also begin next month on ten covered berths in the present harbor for power boats in the 35-40 foot range. They will be the first roofed-over slips for rent on the San Francisco Bay.

MARINA COMPLEX

Remodernization of the existing facilities and construction of a complete marina complex is planned for late 1965 by Naylor. He will install the new berthing in two phases. The first 100 slips are scheduled for mid-April, with work then starting on the second 100.

Naylor, a native of Sacramento, planned the expansion project soon after he opened the initial 55-berth installation last October. For the previous five years he had operated another harbor in the inner Richmond Channel.

Existing facilities at Red Rock Marina, which will be either replaced or improved, include a two-lane launching ramp, fuel dock with both gasoline and diesel oil, snack bar and bait and tackle shop.

OLYMPIC SWIM SQUAD IS TOP TEAM OF YEAR

By HUGH FULLERTON JR.
Associated Press Sports Writer

"This is the greatest swimming and diving team ever assembled for any Olympics. It may be years, if ever, before we see another like it."

So said Dr. Harold Henning, manager of the U.S. Olympic Swimming team after his teenage stars had completed a series of unprecedented triumphs at Tokyo last October.

"We left swimmers at home who could win medals in these games," he added.

An Associated Press panel of sports writers and broadcasters confirmed that judgment today by naming the Olympic swimming squad as the outstanding team on the year in the AP year-end poll.

It was a natural choice, since the same voters previously had picked Don Schollander, winner of four Olympic gold medals in swimming, as the Male Athlete of the Year and had picked two Olympic swimmers among the first five in the voting for the Female Athlete of the Year.

The U.S. Olympic swimmers and divers took 16 gold medals, 10 second-place silvers and five third-place bronze medals in the Tokyo Games, an unmatched harvest. They broke world records or approached them in nearly every event.

In the voting, the Olympians outdistanced the St. Louis Cardinals, baseball's World Series champions, by more than 2-1 in first-place ballots, 123 to 51. In point scoring on a 3-2-1 basis, the swimmers collected 476 points and the Cards 316.

Notre Dame's football team was picked as No. 3 in the balloting with 16 firsts and 166 points although the Irish, upset by Southern California in their final game, finished third behind unbeaten Alabama and Arkansas in the collegiate football rankings. Alabama was No. 7 and Arkansas No. 8 in the Team of the Year voting.

The Baltimore Colts, Western Conference champions of the National Football League, drew 15 first-place votes and 156 points for fourth place while the Cleveland Browns, who clobbered the Colts in the playoff game, were a weak ninth. The ballots were marked before the NFL playoff.

The Boston Celtics, perennial champions of the National Basketball Association; UCLA, the 1964 NCAA basketball champion, Alabama and Arkansas in college football; the Browns and the AFL Buffalo Bills of the pro football and the U.S. Olympic track and field team, who tied for 10th, were the other highly-rated teams.

The Olympics, coming right after the World Series, undoubtedly took some of the glamor from the Cards' feat of winning the National League pennant in an exciting finish and then beating the Yankees in the Series. A year before the Los Angeles Dodgers did just about the same thing and were picked as Team of the Year as a result.

The voting, with first-place votes in parentheses and points on a 3-2-1 basis:

1. U.S. Olympic Swimming (123)	476
2. St. Louis Cardinals Baseball (51)	316
3. Notre Dame Football (16)	166
4. Baltimore Colts football (15)	156
5. Boston Celtics basketball (15)	123
6. UCLA basketball (13)	104
7. Alabama football (9)	58
8. Arkansas football (5)	19
9. Cleveland Browns football (1)	13
10. U.S.Olympic track (2)	8
10. Buffalo Bills football	8

Others receiving votes: Toronto Maple Leafs, hockey 6; New York Yankees, baseball, 5; Philadelphia Phillies, baseball, and Southern California, football, 3 each; Boston Patriots, football, and full U.S. Olympic team 2 each; Michigan football and Michigan basketball, 1 each.

Bill Barnes Is Through Coaching

LOS ANGELES (AP) — "I'm through with football coaching," says former UCLA head coach Bill Barnes, "from now on I'll just be a fan."

Barnes, who spent 15 years on UCLA's coaching staff, resigned recently after learning he was not going to be offered a new contract. He announced yesterday he's beginning a career in the business world.

Property Research Corp., with headquarters near the Bruins' Westwood campus, announced that Barnes had been hired. He begins work Feb. 1.

"I am very happy about this," Barnes said. "I have great confidence in the company—in fact I've been an investor in it—and have known president Cal Johnston for the past three years.

"It's a fast-growing organization with some great new ideas," he said.

"I've got a lot to learn, and I'm cramming like a student," Barnes added. "After coaching for 19 years, I'm really a freshie in anything else.

"But I'm very enthused, and I'll never go back to coaching. But I'll always love football—and now I can be a fan of all the teams," he said.

Charlie Powell In London For Jan. 26 Bout

LONDON (AP) — American heavyweight Charlie Powell, former pro tackle with the San Francisco 49ers, arrived yesterday to fight Britain's Billy Walker in a 10-rounder at London's Olympia Stadium on Jan. 26.

Powell, 32, told newsmen at London Airport he thought that if he had concentrated on boxing he would have gotten a title fight. "But I was playing football, and basketball and baseball for a time," he said, "I didn't concentrate enough on anything."

On the fight with Walker, Powell said:

"If I can hit him, I'll take him."

FIGHTS LAST NIGHT

CARACAS, Venezuela — Carlos Hernandez, 139¼, Venezuela, outpointed Eddie Perkins, 140, Chicago, 15. Hernandez wins junior welterweight title.

PARIS — Luis Folledo, 161, Spain, outpointed Milo Calhoun ,161, Jamaica, 10.

TOKYO — Hiroshi Kobayashi, 125⅝, Japan, outpointed Yuji Masako, 125¾, Japan, 10.

Seminary Splits Twin Cage Bill With Boys Club

The Mill Valley Boys Club and Marist Seminary cagers split a pair of games Sunday, the Marist varsity winning its game 81-76, and Mill Valley winning the eighth grade game 22-17.

The Mill Valley eight graders were paced by Don Macklin with 8 points and Robin Nelson with 7. It was the fifth straight triumph for the M.V. group.

In the varsity game, Steve Anderson topped the Mill Valley scoring with 25 points, followed by Jim Tupper with 16 and Rich Abbott and Bob Osborne, each with 15.

ANNUAL INSTALLATION

Highlight of the annual meeting at the Marin Art and Garden Center in Ross yesterday held at the Caroline S. Livermore room, was the installation of new officers and presentation of the year's proceeds check to the center. Here installing officer Mrs. Charles Robert Yopes of Greenbrae pins carnation on the new president, Mrs. J. Perke Stone of San Rafael. Mrs. Ray Forster of Fairfax, right, is the retiring president.

Italian Show Emphasizes Wide Hems

By LOUISE HICKMAN
AP Fashion Writer

FLORENCE, Italy (AP) — Culottes shared the emphasis with skirts in the Marucelli collection as Italian high-fashion showings for spring and summer began today.

Suit, dress and coat skirts were slim hipped and wide hemmed in plisse, with pressed-flat hems, or in soft or pressed godet gores.

SOFT, WIDE but straight culotte skirts were shown for printed silk dinner suits. The culottes looked like skirts at first glance.

The idea of pants to wear everywhere has been popular since last season. Now Marucelli has made her statement on the subject.

Another couture collection presented today at the Pitti Palace collective showings was Guidi's. He featured long satin-bordered chiffon stoles flung around the neck and worn over jump suits of finely tucked and jeweled chiffon. These suits came in Bermuda and ankle lengths.

THE GUIDI and Maruceli collections began the high-fashion presentations after a weekend of boutique shows that produced ideas galore.

Avagolf solved the problem of women who look best in long skirts but would love to wear pants. They did it with a roller-towel arrangement that looks better than it sounds.

Their black silk knit apron shift, swinging wide open in back over nothing but a skirt, does create a minor social problem though: what a man should do with his right hand while dancing.

Decorations Unit Elects Officers At Annual Meet

Mrs. Raymond P. Forster, president of the Decorations Guild of the Marin Art and Garden Center, presented a check to Mrs. Russell G. Smith of the center board of directors who accepted it in behalf of Mrs. Norman B. Livermore who was unable to attend the annual meeting yesterday.

Officers of the Guild elected were Mrs. J. Perke Stone, president; Mrs. W. A. Millen, first vice president; Mrs. Arvi Backman, second vice president; Mrs. Eugene Lloyd, corresponding secretary; Mrs. R. M. Hohlt, recording secretary, and Mrs. J. C. Bergstrom, treasurer. Mrs. Charles R. Yopes was installing officer.

Mrs. Stone introduced the executiev board: advisory committee, Mesdames Forster, Dion Ramsey-Raisen, Winston Jones and Russell G. Smith. Appointed committee chairmen are Mrs. W. A. Millen, staffing; Mrs. Arvi Backman, publicity; Mrs. Robert L. Tuckey, instruction; Mrs. D. D. Johnson, membership; Mrs. H. C. Armstrong, inventory; Mrs. Yopes, pricing; Mrs. J. J. Navas, telephone and housekeeping; Mrs. Richard C. Young, field trips; Mrs. Andre C. Claeys, paint.

Mrs. Donald D. Johnson presented the new members, Mesdames Charles Guilder, H. W. Sannor, William Andrews, Gene Baumgarten, William A. Bugge, Edwin L. Dial, Robert H. Glassburn, J. H. Lambert, Thomas J. Lambert, Thomas J. McWatters Jr., J. Blount Mull, Herbert A. Raschke, Richard W. Seward, John Carson Smith, Gordon S. Schwartz and Mrs. Eilene Kirby.

Engagement Told At Family Dinner

A family dinner at the home of Mr. and Mrs. Willard T. McDonald of Terra Linda was the occasion for the announcement of the engagement of their daughter, Susan Mary, to William M. Wallace.

Susan is the sister of Judith Ellen McDonald of Terra Linda and attended San Rafael High School and College of Marin.

William, the son of Mr. and Mrs. W. H. Wallace of Stinnet, Tex., is a deputy sheriff of Marin County.

A spring wedding is planned.

SPRING AND summer high fashion designs in the boutique phase of the Florence show feature novel ideas. Avagolf also showed an at-home costume. (AP Wirephoto)

THE SUBURBAN SCENE

Marinites Entertain Soviet Writers—

By MOLLY MARIN

Four Soviet writers, guests of the International Hospitality Center in San Francisco, were entertained by volunteer members of the Center in Marin and Sonoma over the weekend.

ON SUNDAY morning, Mr. and Mrs. Cleon Mills Arnold of Belvedere took the guests to see the Marin Civic Center. They then continued north to the Valley of the Moon to visit the Jack London museum and ruins of Wolf House. After viewing the agricultural areas of Sonoma, they were guests of the Dewey Donnells at their home in Sonoma. Mrs. Donnell also invited Mr. and Mrs. Albert Kahn of Glen Ellen to greet the guests. He is the author of "Days With Ulanova."

LONGTIME RESIDENTS of Tiburon, Mr. and Mrs. Frank Brooks and their six children, Peggy, Ann, Mike, Francis, Jim and Peter, have moved to North Hollywood. The Brooks children are well known to television viewers. Mike is the little boy who puts money into the Wells Fargo Bank in the commercial. Both Mr. and Mrs. Brooks have been active in St. Hilary's Church and he has served as harbor master for the Corinthian Yacht Club for the past few years. They were recently entertained at a surprise farewell party at Tiburon Tommies which was planned by Mrs. Robert Vallee of Ross and Mrs. Lloyd Bird of Tiburon. One hundred friends attended to wish the family bon voyage.

LEAVING SAN RAFAEL for Baltimore, Md., are Mr. and Mrs. Carl Holmes and daughters, Kristin and Kimberly. Mr. Holmes is being transferred with the McCormick Company and will be product development manager at the Baltimore plant. Mrs. Holmes is the daughter of Mr. and Mrs. Frederick T. Kett of Sonoma. The couple will be honored at a dinner party by Mr. and Mrs. Scott Jones of San Rafael and a luncheon for Mrs. Holmes will be given by Mrs. David B. Allison of Mill Valley.

MR. AND MRS. Walter Bogel and their daughter, Rosemary, enjoyed a special treat at their home on Belvedere Island, when, after almost a year's separation, the three sons of the family were reunited. Stephen completed his three years of service in the U.S. Signal Corps and is now employed in San Francisco. Lawrence arrived from Fort Rucker, Ala., where he is in the Army Crash and Rescue Service. He is on leave from the Tiburon Fire Department. Robert, at Fort Huachuca, Ariz., in the Army Electronics School, flew home. The only member of the family not present was daughter Mrs. T. Mathew Ryan, who is with her husband Lt. T. M. Ryan of the U.S. Navy in Norfolk, Va.

CADETS LAWRENCE Loomer of Kentfield and Douglas MacPherson of San Rafael, will be among the Regiment of Cadets of the U.S. Merchant Marine Academy, Kings Point, N.Y., at the Inaugural Parade for President Johnson tomorrow in Washington, D.C. Lawrence is the son of Mr. and Mrs. K. S. Loomer of Kentfield, and Douglas is the son of Mr. and Mrs. Alan K. MacPherson of San Rafael.

FRIENDS OF Mrs. Delmar Clinton will be sorry to hear that she was admitted to Marin General Hospital Friday evening after a fall at her home in Mill Valley. Her condition is reported good, but she will probably be at the hospital the rest of this week, according to Dr. R. B. Hartman.

NEW RESIDENTS of Tiburon are Mr. and Mrs. William Schannep. They are formerly of Portland, Ore., but have been living in Arcadia for the past few years.

Marin General Volunteers Plan Luncheon On Feb. 10

Invitations are in the mail for the Marin General Hospital Volunteers annual luncheon to be held at Dominic's Restaurant in San Rafael on Feb. 10.

Mrs. W. Raymond Vizzard of Ross will be chairman for the luncheon and a fashion show, which will be modeled by members of the volunteer service.

Mrs. Richard Mayer of San Rafael will be chairman of models, and Mrs. Fred Drexler of Mill Valley will be in charge of decorations. Mrs. Ralph Noah of Belvedere will be commentator for the fashion show.

Members of both In-Service and Out-Service Volunteers are receiving invitations to attend the luncheon and they are also invited to bring guests.

Guests of honor will include Mrs. Roy A. Ibach of Mill Valley, new president of the board of directors of the Marin Hospital District, and Dr. Gwendolyn Campion, who replaced Mrs. Ibach as secretary of the board.

Mrs. Robert McKendry of Ross, chairman of the hospital's council of volunteers, will head the receiving line.

Reservations chairman is Mrs. Eugene F. Kelly, director of volunteers at the hospital.

Judith Ann Garwood To Wed Jack Clark

JUDITH ANN GARWOOD

Mr. and Mrs. E. Shelby Garwood of Greenbrae have announced the engagement of their daughter, Judith Ann, to Jack L. Clark of Sausalito.

Susan, the sister of Nancy Jean Garwood of Honolulu, was graduated from Whitman College in Walla Walla, Wash., is with the advertising department of Industrial Indemnity Insurance Co. in San Francisco.

Jack is the son of Mr. and Mrs. George L. Clark of Wellesley Hills, Mass. He attended the University of Michigan and Harvard Business School and is marketing manager of Berkeley Medical Instruments. The future bridegroom is a member of the Olympic Club, Guardsmen and the Bachelors.

A late spring wedding is planned after which the couple will reside in Sausalito.

Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

A busy bee, indeed, is the year-old. Each day sees some new show of self-reliance, a "junior college try" for some new skill. While there are some development norms, all year-olds do not necessarily do the same things at the same times. Some talk early, toddle late. Others vice versa. And so it goes with almost every feat accomplished. Happiest parents are those who do not compare their child's progress with book, chart or a same-age child down the street . . . but cherish him (or her) for what he is.

•

Signs of self-feeding may show at the year-old stage. Tasty way to help your baby's hand-to-mouth co-ordination: Gerber Meat Sticks. Made from lean cuts of pork and beef selected by Armour, they're high in protein, low in fat and mildly seasoned to please. For a delightful change of taste, try Gerber Chicken Sticks. Every bit as toothsome and hand-y. P. S. Serve both "as is" or heat slightly.

•

Birthday brighteners. Toddlers dearly love paper. (It crackles, crumples and tears so delightfully.) To make that first birthday party a big success, why not wrap several inexpensive gifts in gaily colored paper, for eager little hands to open? Infinitely more fun than one big expensive one.

•

Two-way plan. A toddler wagon can double-duty nicely as a storage bin for small toys. You can teach your busy bee his first lesson in neatness by making a game of picking up toys, using the wagon as a collector.

•

Nutrition note from Dan Gerber. An important job of our Research Staff is the evaluation of the vitamin values of foods. One of these evaluations was to determine the amount of vitamin B_6 in our foods. (That's the vitamin needed for healthy skin; a sound nervous system.) To date, 92 Gerber Baby Foods have been tested for this vitamin. And these tests demonstrate the widespread occurrence of vitamin B_6 in Gerber Baby Foods. When you buy Gerber, you're sure of your money's worth in nourishment. Gerber® Baby Foods, Box 72, Fremont, Mich.

Pacific Telephone Should Erase 'Barriers' In Marin

Pacific Telephone's proposal to extend local calling areas to provide a direct hookup with parts of San Francisco is a welcome move.

For the professional and business elements of the Marin community, which has close ties with San Francisco, it would be an added convenience that would more than atone for what extra cost in basic rates the expansion will entail.

However, there is another phase that we feel the telephone company and the state Public Utilities Commission should consider, along with this new expansion proposal.

Expanding local calls into San Francisco is fine. But how about the existing telephone "barriers" within the County of Marin itself?

It makes little sense for a small and closely knit county such as Marin to be forced to continue using the dial-one barrier for intra-county calls while direct dialing expands into points outside the county.

Perhaps more so than any other county in the state, the various communities of Marin consider themselves a part of one family. Residents from Novato, Point Reyes and Sausalito all refer to themselves, almost fondly, as "Marinites."

We do business at the same courthouse and the same Civic Center and enjoy weekends at the same beaches, lakes and hiking trails in a spirit of friendly neighborliness.

But the moment we pick up the telephone, an invisible barrier rises between close neighbors to the North, West and South Marin.

We welcome the utility company's efforts to bring San Francisco closer to Marin.

But we feel the backyard fences that divide neighbor from neighbor within our own county should be torn down before we go marching out the front door to cement closer relations with out-of-county friends in more distant locations.

When the telephone company presents its new expansion proposals before the state Public Utilities Commission, we hope that our own intra-county needs for closer communication are given prime consideration.

THREE MINUTES A DAY

By JAMES KELLER

THE HEART: AN UNCEASING WORKER

How many times does your heart beat every day? The average is around 100,000 times daily.

Researchers at the University of Chicago tested, by means of a pocket-sized electronic counter, a group of 100 men, aged 16 to 65, over several 24-hour periods of normal work and rest. They included students, clerical workers, teachers and men who did light labor.

While each individual's beat remained fairly constant from day to day, variation from one person to another ranged from a low of 98,000 to a high of 135,000 times a day.

One tribute to the wondrous functions of the human body is that, under normal conditions, most of us are scarcely aware of its intricate operations.

It makes good sense to thank God for the gifts of body and soul that are ours entirely without our own merit.

Do more than maintain or improve your own state of health. Be on the lookout for effective ways to help others attain the spiritual and physical well-being they require.

"In all things give thanks."
(1 Thessalonians 5:18)

Grant me, O Holy spirit, a sensitivity to the marvelous workings of Your love for men.

AFFAIRS OF STATE

Estimating Population Can Be Of Interest To Everyone

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Estimating population constitutes an interesting game, as well as serving many a useful purpose. While the estimates various organizations make, including the State of California, never are really accurate, they come close enough to the mark to provide information for various activities.

Neither are the figures resulting from the census absolutely accurate, but they are close enough to enable government agencies and private business to plan ahead for services and expansion of business.

THE TIME between censuses, taken every 10 years, is somewhat confounding to a state growing as fast as California, as estimates are needed almost annually to permit government to plan its expenditures and private business to decide what to do about making its plans to serve its customers in almost every field.

The California Taxpayers' Assn. provides one of those interim estimates on population which is widely accepted throughout the state and is helpful to a high degree.

The organization recently announced its estimates for the present population of California, which it fixes at 18,607,000 at the beginning of 1965.

THE ESTIMATES show population in California has grown by 18.4 per cent since Jan. 1, 1960, a period of five years. This means the growth of the state progresses at an average of 3.68 per cent per year, which in terms of people amounts to 577,959 every year. Only 10 of California's 58 counties have populations of more than a half million people, which gives some indication of the rate of growth.

Percentages of increase in the various counties mean little in terms of gain in population. As an example, Ventura County had the highest percentage gain for the five-year period, 57.2, but gained slightly less than 200,000 people. On the other hand, Los Angeles County had a 13.5 per cent increase, and gained 815,000 people during the same period.

FOUR CALIFORNIA counties now are over the million mark as far as population is concerned. These are Los Angeles, which has been over for many years and now has 6,854,000 people; Orange, with 1,064,000; San Diego, with 1,180,000, and Alameda, with 1,039,000.

Alameda and Orange both topped the mark during the last five-year period when they joined the "over a million" rank. From the rates of increases for other counties of the state, it is not indicated any will top the million mark during the next five years, unless some unforeseen event takes place which might cause unexpected increases.

But not all of California's counties are growing, according to the association estimates. Little Alpine, with 397 people in 1960, dropped seven, to 390. Del Norte lost 1,271 for a 7.2 decrease; Modoc lost 708 for an 8.5 decrease, and Trinity lost 1,306 for a 13.5 decrease. All other counties showed increases over the five-year period, ranging from 3.9 per cent for Humboldt County to the top of 57.2 per cent for Ventura County.

Catholic Leader's Passing Mourned

Editor, Independent-Journal:

With the passing of Monsignor McAlister, St. Raphael's and all people of Marin have lost a devoted and energetic leader in religious and social concerns.

Although many churchmen of all denominations and faiths have talked about breaking down the barriers of misunderstanding which have existed among us, it was Monsignor McAlister's keen sense of immediacy which touched the hearts of many and helped bring about fresh and enlightened and joyful work in the ecumenical movement here in Marin.

We are thankful that we could know him and we pray that we will see stronger bonds of love among all men of good will because he shared with us his concern for the brotherhood of man.

Storer-Ludy Issue Labeled 'Putrid'

Editor, Independent-Journal:

Yes, it sure is rotten hog and those who opened the barrel are still vomiting from the putrid stench.

All of the gangrenous pieces are labeled such as:

"Synanon beat you," Hurst said to Ludy.

"Synanon offered Storer a huge sum of money to be one of their lawyers," a close friend of Storer's said in front of two witnesses.

"They took Synanon away from me and then gave it back to me," said Storer.

"He (Ludy) is trying to make this a problem for the district attorney's office, thus embarrassing Tom Storer," Dederich declared.

Wasn't it a bit unusual for Dederich, supposed founder of Synanon, to be so anxiously and vociferously concerned about any imagined embarrassment to Tom Storer—last August?

There's more, but these will do for openers.

Mill Valley Needs Traffic Signals

Editor, Independent-Journal:

A hearty second to Peggy Askew's motion that traffic signals be installed at East Blithedale and Camino Alto in Mill Valley (I-J, Jan. 9, 1965).

On Dec. 17, 1964, I wrote to Mayor Michael Wornum as follows:

"The intersection of East Blithedale and Camino Alto is a menace—as far as youngsters are concerned.

"I am a steady shopper in Mill Valley and familiar with its traffic patterns. Yesterday, however, I saw a new phase—a boy of seven or eight who was unable to cross Camino Alto (from west to east) until he was assisted by an adult. It is anyone's guess how long the poor child had panicked there.

"The intersection is a frustrating one, especially when rude drivers do not await their turn.

"May I suggest to you and your council that the installation of traffic lights at this point be studied?"

Cleric Pays Tribute To Father McAlister

Editor, Independent-Journal:

A leader of the Christian community in Marin has died, Fr. Daniel McAlister, pastor of St. Raphael's Roman Catholic parish. But to many of us who knew him personally, he was more. We grieve the loss of a brother.

Three years ago we were unaware we were brothers, but by his creative, ecumenical and Christ-like spirit, he led the Christian community in Marin to a new understanding of brotherly love. In our own county he initiated a full-scale celebration of the Week of Prayer for Christian Unity. During these past two years, Father McAlister taught us more than the art of talking to and about each other. Within the walls of St. Raphael's Church we were led by him to worship together, pray together, fellowship together, study together. From his life-spent energy Christians in Marin have come to a deeper and more meaningful relationship which crosses denominational boundaries. This he leaves us as part of his legacy.

His death is symbolic for all of us on the eve of this year's celebration of the Week of Prayer for Christian Unity to begin this Sunday. "The walls which divide us do not reach to heaven"!

Report Facts Accurately

Editor, Independent-Journal:

In my opinion, whoever your reporter is that attends the Fairfax City Council meetings has been reporting misinformation for your paper.

For one example, I cite your article (Jan. 12, 1965) concerning Mayor Cornelis van Vliet and Councilman Peter Arrigony Jr., saying they had decided on City Engineer Richard J. Nelson for the job of City Administrator. In more realistic terms, this was reported in the Fairfax Reporter as a good idea by these men, rather than a definite decision.

In another story concerning the Harper and Associates feasibility study on city buildings, the reporting of the vote was wrong. The actual vote was 2 in favor, 1 against, 2 abstaining, instead of 3, 0, 2 as noted in your paper.

It seems to me until the Independent-Journal can report the facts more accurately, I see no reason for criticizing the Fairfax Council, as you have unjustly done in the past.

IN 1887, A COLLECTION of recipes was published in Washington under the title of "The White House Cookbook." Recently re-edited and presented in a new format by Follett, it still contains this useful bit of advice: "How to Preserve a Husband: Be careful of your selection; do not choose too young and take only such as has been raised in a good atmosphere. Some women prefer preserving them in a pickle, while others keep them in hot water. This only makes them sour, hard, and sometimes bitter. Even inferior varieties may be made sweet, tender and good by garnishing them with patience, well-sweetened with smiles and flavored with kind words to taste. Thus prepared, they sometimes keep for years."

IN MERLE MILLER'S devastating lampoon on the TV industry, "Only You, Dick Daring," he recalls two quotations I applauded. One, by La Rochefoucauld, is "The true way to be deceived is to think oneself cleverer than others." The other, by Mark Twain, is "Do what is right: It will please some people and astonish the rest."

OVERHEARD: Speaker at a P.T.A. meeting: "Children who watch TV interminably will go down in history—not to mention all their other subjects."

LBJ Will Probably Have Less Trouble On Catholic Aid Issue

WASHINGTON (AP) — President Lyndon B. Johnson, like President John F. Kennedy, has supported the separation-of-church-and-state tradition, but last week in his education program he proposed giving parochial schools some federal aid.

But he did this because of a rising tide of help to education in Congress, and did it in such a way that he may run into less storm than Roman Catholic Kennedy, who opposed such aid to Catholic schools.

NOTHING HE HAS done so far as president better shows Johnson's special technique of trying to cool off possible antagonists in order to make some progress, even if it isn't all he might like to have.

Kennedy made dismal progress in his first two years in trying to get Congress to approve a general aid to education bill, with particular emphasis on help for public grade and high schools.

Congress had never passed a law providing such general aid. In 1961 and 1962 Kennedy emphasized he was not asking aid for parochial schools. Both times he said he considered such aid unconstitutional.

AND BOTH TIMES he ran into opposition from the Catholic hierarchy which thought such aid should be given.

Francis Cardinal Spellman, Roman Catholic archbishop of New York, expressed it this way:

Passage of Kennedy's program would be the "eventual end of our parochial schools because we cannot compete with the federal government's support and subsidy of the public schools only." He said the program also would put an additional burden on Catholic taxpayers who got no benefit from it.

THE OPPOSITION to aid for Catholic schools was equally determined. Under this combined pressure Congress did practically nothing for two years. The dam began to break in 1963.

Once more Kennedy proposed no help to church schools. Once more there was Catholic opposition. But by now Congress had begun to yield under a third pressure: Rising educational needs.

In 1963 it passed such a number of important measures that Johnson, after Kennedy's death late in the year, said the Congress of 1963 would be known as the education Congress.

These were some of the steps taken:

HELP FOR COLLEGE construction; increased funds for vocational education; a boost in college student loan funds; grants to help build new medical schools.

Nevertheless, not even that Congress touched the sizzling question of general aid for public grade and high schools, where the religious issue was most intense. And in 1964 Congress ducked this one again.

But the measures passed last year under Johnson's prodding were unprecedented in scope and number. Still, Johnson, like Congress, stayed away from the church-state issue as much as he could.

DURING THE 1964 presidential campaign, Johnson was asked by Dr. E. S. James, editor of the Baptist Standard, for his views on federal aid to education, particularly to parochial schools.

Johnson affirmed his support of the "American tradition of separation of church and state . . . expressed in the First Amendment." And he closed his answer with this:

"Therefore, I would oppose any federal program — including assistance to schools — which does not strictly conform to this constitutional requirement."

NOW JOHNSON has proposed the biggest-ever aid to education program, with accent on children of the poor.

It would provide modest sums to be spent on buying non-religious textbooks for private and parochial school students and some for educational centers to be shared by public and church schools.

But before he ever sent this program to Congress, Johnson's aides had contacted Catholics and those on the other side of the church-state issue.

It was learned more of the Catholic clergy are for the program than oppose it. Catholic members of Congress divide the same way. Some of the opponents are still opposed, some not so opposed.

Businessmen Choice Ires Consumer Aides

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — President Lyndon B. Johnson is uneasily in the middle of a dynamite-loaded wrangle between consumer and business forces over the make-up of the 12-member Consumers' Advisory Council.

Cause of this explosive backstage hassle is Johnson's insistence on naming businessmen to the council—which the late President John F. Kennedy established in 1962 for the express purpose of giving consumers a "voice in government at the White House level."

CONSUMER organizations and their champions in Congress are up in arms over the president's unpublicized intention, and are threatening a public row.

The issue arose when the president cold-shouldred a list recommendations for new appointments to the council submitted by Mrs. Esther Peterson, his special adviser on consumer affairs. The terms of the 12 original members have expired, and Mrs. Peterson proposed that most of them be renamed.

Instead, the president returned her list with a note that he wanted "business representation on the council."

Then to make sure Mrs. Peterson got the point, he called her in and frankly stated that a number of businessmen who had supported him last year felt that business should have a place on this important consumer agency.

"I SEE NOTHING wrong with that," said Johnson. "It seems fair and proper to me."

Mrs. Peterson pointed out that no consumer representatives are on the Business Advisory Council, which functions closely with the Commerce Department. Briskly brushing that aside, the president reiterated his insistence that businessmen be included on the consumers' council.

This emphatic edict was quickly relayed by Mrs. Peterson to congressional consumer leaders—foremost among them Sen. Paul Douglas (D-Ill.), vice chairman of the Joint Economic Committee; Sen. Philip Hart (D-Mich.), head of the Anti-Monopoly Subcommittee, and Rep. John Dingell (D-Mich.), member of the House Commerce Committee.

They hit the ceiling, bluntly served notice on Johnson that the consumers' council be kept as originally set up, or else!

Anxiously seeking to avert an open clash, Mrs. Peterson is proposing a compromise.

THE CONSUMERS' council would remain unchanged, but "consulting committees," with businessmen as members, would be created as adjuncts of the council.

Neither side has yet accepted this plan. Both are studying it.

Meanwhile, consumer forces are closely eyeing what stand is taken, if any, by Vice President-elect Hubert Humphrey and Sen. Walter Mondale (D-Minn.). Until his recent appointment to Humphrey's seat, Mondale, as state attorney general, was a member of the consumers' council.

Leading consumer organizations—among them the Cooperative League of the U. S. A., California Consumers' Council, and Consumers' Union — are pressing Humphrey and Mondale to back Mrs. Peterson. No less vigorously, advertising interests, who have been warring with her, are urging them to keep hands off.

SO FAR, that's exactly what they have been doing. How long they can keep it up remains to be seen.

The True Leader Not A Bit Shy About Telling Of His Talents

NEW YORK (AP) — Jumping to conclusions:

A leader is a person born with a megaphone in his brain and a desire to shout his ability to the world.

Most great leaders in any field — whether they be politicians, soldiers, businessmen, evangelists, artists or rock 'n' roll singers—are to some extent megalomaniacs. This means they have a mania for great or grandiose performance, plus a feeling of personal omnipotence.

There are two types of megalomaniacs—the noisy ones and the quiet ones. If you have to work for one or another—and most people do—it is better to work for a noisy one.

You can always tell when you've satisfied the ego of a noisy megalomaniac; with a quiet one you're never sure.

No person is truly educated unless he looks up a word in the dictionary at least twice a week.

You hear a lot about romances between millionaires and hatcheck girls. But when it comes to marrying, most hat-check girls wind up with musicians or bartenders.

Being cast up on a desert island all by yourself is pretty dismal, but the loneliest men in civilization are those who play golf with their wives on Saturday because they can't find three other guys to make a foursome.

Just holding things together is hardly enough in this world to make you a hero. Whoever built a statue to a paper clip?

A woman always should have something to look forward to. That's why a wise husband never gives his bride a diamond engagement ring until their 50th wedding anniversary.

The average beggar is about as shrewd a judge of human nature as the average personnel manager—but he can make quicker judgments.

It's high time universities gave a course in "footballese," the gibberish in which sportscasters describe the art of pushing, kicking, or passing an inflated pigskin up and down a gridiron. It certainly is the most rapidly growing language in America, but I have yet to meet a fan able to tell me in English just what a "flanker back" is, and how he earns his living.

What makes many of us so neurotic isn't that we can't have what we want but that we are faced with so many choices we can't decide what we really do desire. The world was just as happy when ice cream came in only three flavors — vanilla, chocolate and strawberry.

School Issues To Be Main Topic In West Marin For Near Future

SCHOOL ISSUES will be one of the main topics of conversation in North Marin County for the next few months.

First issue to come before the people is in the Tomales High School District. That district is asking for a continuation of its general purpose tax rate. It will hold a special election Feb. 16.

The district has a general purpose tax rate of $1.25 per $100 assessed valuation, which will automatically drop to 75 cents unless the voters approve the requested five-year extension. A simple majority is required.

AT ITS LAST meeting, the school board emphasized that they were not asking for any increase in taxes, just an extension of the current rate.

The same district has a request to hold another unionization or unification election. Unionization of all elementary districts in the Tomales High School District failed last fall because it was turned down — in one district — West Marin. If it passed, it would have resulted automatically in unification — one district for all elementary schools and the high school. This takes in most of western Marin County and some of Sonoma County.

We predict the next election will be a success, if held. The law has been changed to require a majority of the voters in all districts instead of in each district. Had this been in effect then, the last election would have succeeded.

This is the same situation that faced San Jose and Novato unified districts for three elections. That unification was at last successful and the new district is launching a building program aimed at meeting the needs of the next five years.

Supt. James G. Bunker outlined an $11,520,000 program of site acquisition and buildings. This includes one complete new high school, another junior high school and five elementary schools, plus additions to existing elementary schools and junior high schools.

Also included in the plan were site purchases for three elementary schools, another junior high and a third high school. These are all undesignated sites, but will depend on the shift and growth of the population.

A state loan and bond issue to finance this program will be before the voters April 20, along with leveling of the bonds of the old Novato unified and San Jose elementary districts and the San Jose district's share of San Rafael High School District bonds.

These items are essential to the continued expansion of this, the largest school district in Marin County, said Bunker.

More Satire For Magazine

The 1965 edition of Insight, Sir Francis Drake High School's literary magazine, will feature more satire and fiction, according to Albert Lavin, faculty advisor.

Ron Skellenger will be editor. Mike Stephens, Russ Richeda, Mary Caron and Alex Scheremetow will assist as associate editors.

Bonnie Karlin will handle the poetry section; Marcia Miller, reviews; Bob Stout, art; Doug Hobbs, films; Joe Cherry will be business manager with Jane Hammond as assistant.

REMEMBER WHEN?

10 YEARS AGO

A new press to double Independent-Journal output was installed in the new press room on Fifth Avenue. Circulation near 20,000 was almost double that of nine years previous.

Screen star Robert Mitchum reached San Rafael to act in a film being produced at China Camp but said, "I'm only interested in pay day."

20 YEARS AGO

County Schools Supt. Henry E. Greer announced arrangements to bring a state-owned dental laboratory trailer to Marin for treatment of elementary school children.

Heavy grading equipment was put to work to prevent a Waldo Grade earth and rock slide which might cut off the Golden Gate Bridge approach.

Salary Studies Set For Novato

The Novato City Council will study salaries at an adjourned meeting at 8 p.m. today in the Community House.

The Novato Employees Assn. and City Administrator J. Julien Baget each submitted salary proposals to the council members for study last week. The council will go over both proposals.

The council will also set a public hearing on annexation of 20 acres on Ignacio Boulevard owned by Walter Kieckhefer, which was approved last Thursday by the Local Agency Formation Commission.

Nurse Refresher Course Slated

The first of four refresher courses for nurses will begin Feb. 15 at College of Marin. The courses, six weeks in length, are for registered nurses who have not practiced for five years or more.

The program is sponsored by the federal government under the Manpower Development Training Act and is open to unemployed women 25 to 65 years old.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Read Partner's Hand From Refusal To Help In Game

Even in championship play there is some uncertainty in delicate situations, and this very uncertainty may provide the vital clue.

In last year's Bridge Olympics, Mrs. Helen Portugal, of the U.S. team, made an "unmakable" game when an opponent missed the clue.

Opening lead — ♣ 6

West led the six of clubs to dummy's queen, and Mrs. Portugal drew two rounds of trumps with the ace and king.

FAILED TO FALL

When the queen failed to fall, declarer cashed the king of clubs and led a trump to the queen. West discarded her last club.

East could defeat the contract only by returning the suit in which South held three cards.

If East returned a diamond, West would take the ace and return the queen of diamonds to dummy's king. South would be unable to return to her hand (a trump play would be useless) and West would get the jack of diamonds as well as the ace of spades.

RETURNS SPADE

Actually, East returned a spade instead of a diamond. West took the ace of spades and returned a spade to dummy's king, but now South could get to her hand by ruffing a spade.

She discarded two diamonds on the ace and jack of clubs, and led a diamond. West could get only one diamond trick.

How could East tell whether to return a diamond or a spade? Was it up to West to discard her lowest spade on the third round of trumps?

COULD NOT TELL

West could not tell, but this uncertainty was the clue. It was clear that West had started with five diamonds and three spades or with four diamonds and four spades.

If West had five diamonds she would surely discard a low diamond to discourage a diamond return.

West's failure to discard a diamond showed that West had only four diamonds, and East could then tell that a diamond return would defeat the contract.

DAILY QUESTION

You have opened the bidding with one heart, and partner has bid one notrump.

It is up to you again, with:

♠ K 10 4
♥ A K J 8
♦ K 10 8 7
♣ K Q

What do you say?

ANSWER: Bid three notrump. Your partner will probably have a reasonable play for this contract with most 6-point and 7-point hands, but he will probably pass if you raise to two notrump. Aggressive bidding pays in the long run.

Rarely
do you find the perfectionist's touch in a house built for sale—but we can show you one today which defies comparison. Each panel of wood has been chosen to match—the detail planning of the ceiling beams—the efficiently planned cupboard and closet space . . . each tiny detail shows thought and good taste which will make the owner of this home proud forever. Even the location on the lot to take full advantage of the San Francisco views and sunshine will please you. Not quite finished yet it will be priced at $54,750—and you can see it today.

64—Lots & Acreage

Now Is the Time

to choose a lot for your new home. The recent rains have done their worst and if the lot is still there, you can be sure of drainage and solidness. We have two lots in Larkspur which we are proud to show. Mostly level — beautiful trees and views — and NO PROBLEMS from the recent downpours.

THE BOARD OF SUPERVISORS OF THE COUNTY OF MARIN, CALIFORNIA ORDINANCE NO. 1410
AN INTERIM ORDINANCE OF THE COUNTY OF MARIN ESTABLISHING KENTFIELD INTERIM ZONE, PROHIBITING USES THEREIN PENDING COMPLETION OF STUDIES PERTAINING TO ADOPTION OF ZONING ORDINANCES, AND CONSIDERATION OF GENERAL PLAN

THE BOARD OF SUPERVISORS OF THE COUNTY OF MARIN, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

SECTION 1. The Board of Supervisors hereby finds as follows:

(a) The Marin County Planning Commission has approved and has recommended that the Board of Supervisors adopt the Kentfield General Plan, and the Board of Supervisors will hold a public hearing thereon on January 21, 1965.

(b) The Marin County Planning Department, in good faith, intends to continue studies already begun pertaining to the adoption of an amended zoning map for the Kentfield area, as well as other ordinances and regulations which will aid in the implementation of the Kentfield General Plan.

(c) It is anticipated that said amended zoning map will, if adopted, be applied to the area described herein, or to portions thereof.

(d) Utilization of property within said area in a manner inconsistent with an amended zoning map, or at variance with the recommendations of the Kentfield General Plan, will seriously impede the effectiveness of such zoning and will impair or prevent the implementation of the General Plan. To protect the public health, safety and welfare pending preparation and adoption of said amended zoning map and other regulations, it is necessary to adopt a temporary interim zoning ordinance, in accordance with provisions of Government Code Section 65806, prohibiting the establishment of any uses in said area which may conflict with said proposed amending zoning map or the General Plan.

SECTION 2. All of that real property shown on Exhibit "A", which is attached hereto and made a part hereof, is hereby classified as "The Kentfield Interim Zone."

SECTION 3. Except for existing uses in their present form, no land, building or structure located within the interim zone established hereby, shall hereafter be developed, or used for any purposes unless a use permit is issued therefor, in the manner prescribed in Ordinance 264. Use permits will be issued only upon a determination and finding that said use will not conflict with:

(1) The provisions of said proposed amended zoning map;

(2) Such proposed ordinances as may be necessary to implement the Kentfield General Plan;

(3) Recommendations contained in the Kentfield General Plan.

SECTION 4. The provisions of Marin County Ordinance No. 264, to the extent that they do not conflict herewith, are incorporated herein as if more fully set forth.

SECTION 5. Any person, firm or corporation, whether as principal, agent, employee, or otherwise, violating or causing or permitting the violation of any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than Five Hundred ($500.00) Dollars or by imprisonment in the County Jail of said County for a term not exceeding one hundred and eighty (180) days, or by both such fine and imprisonment, such person, firm or corporation shall be deemed to be guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued or permitted by such person, firm, or corporation, and shall be punishable as herein provided.

Any building or structure set up, erected, constructed, altered, enlarged, converted, moved or maintained contrary to the provisions of this ordinance and/or any use of any land, building or premises established, conducted, operated or maintained contrary to the provisions of this ordinance shall be and the same is hereby declared to be unlawful and a public nuisance and the District Attorney of said County shall, upon order of the Board of Supervisors, immediately commence action of proceedings for the abatement and removal and enjoinment thereof in the manner provided by law and shall take such other steps and shall apply to such court or courts as may have jurisdiction to grant such relief as will abate and remove such building or structure and restrain and enjoin any person, firm or corporation from setting up, erecting, building, maintaining or using any property contrary to the provisions of this ordinance.

SECTION 6. Validity. If any section, sub-section, sentence, clause or phrase of this ordinance is for any reason held by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared invalid.

SECTION 7. This ordinance is hereby declared to be an urgency measure and shall be in full force and effect immediately upon its adoption. Within fifteen (15) days after adoption, this ordinance shall be published in the Independent-Journal, a newspaper of general circulation printed and published in the County of Marin. The conditions constituting such urgency are as follows: Erection, construction, conversion, alteration or moving of certain buildings or structures contrary to the provisions of this ordinance is deemed to be a menace to the public health, safety, peace and general welfare for the reasons set forth in Section 1 hereof. The immediate operation of this ordinance is, therefore, necessary to protect the public health, peace, safety and general welfare.

SECTION 8. This ordinance shall be of no further force and effect one year after the date of adoption hereof.

The foregoing ordinance was passed and adopted at a regular meeting of the Board of Supervisors of the County of Marin, State of California, held on the 12th day of January, 1965, by the following vote:

AYES: Supervisors William A. Gnoss, Byron W. Leydecker, Thomas T. Storer, Ernest N. Kettenhofen, Peter H. Behr.
NOES: Supervisors None

Commission Due Tiburon Plan

The Tiburon Planning Commission will meet in special session at 8 p.m. Friday at Del Mar School to consider plans for the Tiburon Ridge subdivision which some residents have protested is being too heavily developed.

The planning commission still has on its books a motion to turn down developer Howard Eichen's original proposal for 40 houses on 14 acres of hillside land.

Eichen, of Fullerton, later agreed to pay $1,200 to help finance planning studies for the area.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Drug Use In Advanced Cancer Sometimes Adds Years To Life

VAN DELLEN

The chemical treatment of advanced cancer prolongs life but seldom cures. These products have added many happy and comfortable years to victims of certain malignancies. Some cures have been reported, especially among those with rare tumors of the ovaries and testes and victims of Hodgkin's disease who also had X-ray therapy.

So many agents are available the practicing physician finds it difficult to keep up with the more practical, effective, and accepted drugs. In addition, there are hundreds of varieties of cancer and only a small per cent are affected by anti-tumor compounds.

SIDE REACTIONS occur with almost all of these drugs. They tend to depress the number of white blood cells, encourage hemorrhages under the skin, or lead to nausea and vomiting. Others cause skin reactions and nervous symptoms.

The right chemical must be pitted against the right malignancy for maximum success. The product should reduce the size of the tumor by 50 per cent, relieve symptoms for a month or more, and improve health as evidenced by a gain in weight and the ability to return to work. Hormones were the first anti-tumor products employed in the treatment of cancer. The use of chemicals dates from 1946 when nitrogen mustard (of World War I fame) was given in Hodgkin's disease and leukemia. Aminopterin was next; it suppresses the growth of cancer cells. Good responses are obtained in 30 to 40 per cent of those with advanced carcinoma of the stomach, intestine, pancreas, thyroid, breast, uterus, ovaries, prostrate, or testes.

GOOD RESULTS are obtained in malignant melanoma, the type of cancer that originates in moles. Two-thirds of these lesions are said to respond and often disappear for up to two years. The antimalarial drug, atabrine, is utilized for fluid in the abdomen and chest cavity, caused by malignancy.

Some of these drugs are taken orally; others must be injected. Now and then the surgeon isolates the malignancy by blocking the outflow of blood and lymph from the area. The agent is injected into the incoming artery so it will remain in the cancer area for a longer time in a higher concentration.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

CIRCULATORY IMPAIRMENT

S. M. writes: Is it safe for a person with poor circulation in the legs to have a toe operation?

REPLY

There are degrees of poor circulation. When it is extremely poor, surgery is not advised unless absolutely necessary.

A FAINT DREAM

L. T. writes: Is it possible to faint while sleeping? A few nights ago I dreamed I fainted. When I woke I felt very dizzy, as though I had fainted in my sleep. Will you please tell me if this is possible and what the causes may be?

REPLY

Dream, yes. But not a true fainting spell while sleeping. Epileptic seizures occur while sleeping but this is different from an ordinary fainting spell.

KIDNEY CYST

M. B. S. writes: Is surgery the only answer to a cyst on a kidney?

REPLY

Yes, if there is a possibility that the cyst is malignant. On the other hand, many cysts are harmless except for taking up valuable kidney space. Removal is difficult and nothing is gained by mutilating the organ if it isn't necessary.

BRAIN BLOWOUT

S. E. G. writes: How is a brain aneurysm diagnosed?

REPLY

The symptoms usually resemble those of stroke when a dilated blood vessel ruptures or oozes. The diagnosis is made by utilizing special X-ray technics in which the vessel is visualized.

PENICILLIN FOR ERYSIPELAS

N. U. writes: Is erysipelas considered a dangerous disease?

REPLY

No, because penicillin is so effective. The infection is harder on infants and the aged than on those in other age groups. Send stamped, self-addressed envelope for leaflet on erysipelas.

FRACTURED RIB

A. L. writes: What methods are used to mend a broken rib?

REPLY

An attempt is made to reduce to a minimum the movements caused by breathing. This is done by encircling the chest wall with an elastic bandage or applying adhesive tape to the involved side.

HIVES AND SURGERY

Mrs. M. writes: Could a hysterectomy cause hives? I never had hives before the operation but have had them ever since.

REPLY

No, and in all probability the two are coincidental. Now and then the stress of an operation triggers a latent allergic condition.

DON'T LET IT GET YOU

M. K. writes: Is it natural to become jittery and depressed in caring for an elderly person who is confined to bed?

REPLY

Yes, but don't let your patient know it. Be as cheerful as possible because older invalids thrive on kindnesses.

Austrian Likes U.S. Elections

By PAULA MALVINO
Redwood High School Student

Political rallies were the most interesting part of the U. S. election campaign to Pierre Helzel, Redwood High School AFS exchange student from Austria.

The American people get more excited about election than do Austrians, he reported. He was amazed at the way people cheered for their candidates.

Pierre has had to adjust to everything from weather to food since coming to Marin last September, but most of the adjustments have not been difficult.

"My school in Austria, the French School, is larger but has fewer students," he reported. "I think Redwood is a little crowded, but I like it very much. Also, having the library in the school is something that just doesn't occur in Austria. In my country we pay a certain price to become a member of the library."

Pierre took 13 subjects in Austria and takes only seven at Redwood. These are physical education, mechanical drawing, chemistry, public speaking, U.S. history, English and trigonometry.

New to him were football games, spirit, and song leaders. Pierre commented that the first few games seemed like "a big show. I was so occupied watching the song leaders and clapping my hands to the songs, that I didn't get to see the game itself."

Pierre loved San Francisco by night. "The lights and the crowded streets were terrific. I enjoyed Fisherman's Wharf and Broadway, where most of the people and lights seemed to be."

Pierre misses the hot lunches he received in the French School, but most of all he misses the "fresh food." "Most of the American peoples' food comes from a can or plastic bag," he complained." The food loses its flavor. I like the European way better, although they seem to be changing to the American way more and more."

Pierre considers himself very fortunate to be an American Field Service exchange student. He plans to continue his schooling in France, after his tour of the United States with other exchange students next summer. "When I return to Vienna, my home town, I will finish my last year of high school and then I will go to school in Paris, France, where I will study aviation with hopes of becoming an engineer in aviation," he related.

Before coming to the United States, Pierre was taking flying lessons. He also made plane models.

"In Austria we do not have any clubs, sports events, or student body officers," he said. "Each class does have a representative and if there is a complaint, the student can protest to the head of the school, but this gives very little results."

There is no exchange program in the French School. "There is no need for one—most of the students come from foreign countries anyway," he said.

While attending Redwood High, Pierre lives with the Donald E. Carroll family at 4 Scott Lane, Larkspur.

Inmate Gets Five Years

A San Quentin Prison inmate, Jack W. Chandler, was sentenced yesterday to five years in prison on his jury conviction Dec. 10 in Marin Superior Court for having three sharp instruments in his possession.

Judge Thomas F. Keating ordered the term to run concurrently with Chandler's present sentence for burglary in Yuma County.

Chandler was armed with a scissors blade and two screwdrivers last Feb. 11 at the prison.

Modern Morality Play Set In Hub

Robert Bolt's "A Man For All Seasons," a modern morality play depicting the life of Sir Thomas More in the 16th century, will be presented by the Festival Theater in San Anselmo Friday, Saturday and Sunday nights through Feb. 28.

Dale Moffitt, portraying More, and the 13 other members of the cast are under the direction of Elizabeth Fuller in the theater on the campus of the San Francisco Theological Seminary, Bolinas Avenue at Kensington Road, San Anselmro.

TELEVISION REVIEW

Allan Sherman's Funnyland Funny

By RICK DU BROW

HOLLYWOOD (UPI) — Did you see that handsome new star on NBC-TV's one-hour musical special Monday night? Was it Cary Grant? Was it Richard Burton? No — but you had to look closely to realize it was not. It was Allan Sherman, who has shed so much of his avordupois in a hospital stay that he has trimmed down from a rotund dumpling to a svelte dumpling.

Before you know it, we will be seeing Allan in one of those slick magazine fashion ads in which the fellows wear red sport jackets, yellow shirts, striped ties, white trousers and straw hats. But I digress. The real subject at hand is whether Monday night's special, "Allan Sherman's Funnyland," which was a tryout for a possible weekly half-hour series next season, has potential for such an endeavor. The answer is an unqualified yes, and even though few specials or series can be excellent all the way through, you have to look for the better concepts. If Keefe Brasselle can produce three series, then Allan can have at least one.

While in the hospital divesting part of his accumulated being, Allan said his idea was to offer up a sort of "cross between Lewis Carroll and Robert Benchley and my music." Allan's music, of course, has established him as a sort of svelte dumpling Noel Coward of a newer and earthier breed. Last night, with the assistance of Lorne Greene, Jack Gilford and Angie Dickinson, he attempted the immensely difficult task of sustained whimsy in a series of sequences with such titles as "Choreographyland," "If - land," "Sponsor - land," and so forth. All of this was tied together by Sherman, around whose special talents the show was built.

There were, in this difficult area of whimsy, some overly cute moments and some overdone ones — but there was so much that was fresh and promising and decent and hip and yet unpretentious about the hour that it was no pain at all to keep tuned in.

THE CHANNEL SWIM: CBS-TV has renewed "Slattery's People," the series in which Richard Crenna portrays a state legislator, for the remainder of the season ... ABC-TV picked up the Donna Reed show for another year ... NBC-TV's repulsive new musical series, "Hullabaloo," is reported sharply resented by some stations stuck with it.

D.C. Reserve Units Cut

WASHINGTON (AP) — Three blue-ribbon congressional Reserve units were abolished by the Pentagon yesterday. Some 72 congressmen and several thousand top government officials were transferred from the ready to the standby Reserve.

The move was in accord with a recent directive by Secretary of Defense Robert S. McNamara to shift into the standby Reserves those officials, judges and congressmen who would not be available for military service in mobilization because of the importance of their civilian posts.

Of the 150,000 federal personnel in the ready Reserve, it is estimated that about 5,000 fall under McNamara's order.

Fire District Member Leaving

Elmer R. Smith, a commissioner of the Alto-Richardson Bay Fire District since its founding in 1954, has submitted his resignation and will move to a home he is buying in Lucas Valley.

Smith, who works for Seven-Up Bottling Co., San Rafael, has been commission secretary during his full time on the board. His resignation is effective at once.

Persons interested in applying for the post of commissioner may do so at the first district office in the firehouse, according to Carl O. Heynen, Jr., fire chief.

Mobile Homes Suggested For Low-Income Elderly

Recommendations for housing Marin's elderly population in modern mobile home parks and in non-profit and private developments designed for those of moderate or low incomes highlight the final report of the Citizens' Committee for Housing of Marin's Elderly.

The HOME committee presented its report and recommendations today to the Marin County Board of Supervisors, and the supervisors' Citizens Advisory Committee on programs for senior citizens.

The eight-month study covers 10 kinds of housing programs for older adults.

The report strongly recommens a program for "moderately-low income" elderly in which housing can be built only by non-profit sponsors with direct loans from the federal government, through the Community Facilities Administration. Housing under this program usually rents for from $65 to about $100, and is for those with incomes of from $4,000 or less, for one preson, to $4,800, or less, for two.

Also recommended is a program under which a sponsor may receive a return on his investment limited by the regulations of the Federal Housing Administration. Rentals here are estimated to range from $85 to $150.

A third favorable recommendation calls for mobile home parks developed by private enterprise. The report makes a clear distinction between modern mobile parks and trailer housing. It points out that parks have populations no more transient than those in apartment developments, and can produce tax revenue in fair proportion to community services supplied to them.

The report recommends passage by the supervisors of an amendment to the county zoning ordinance to provide controls over this type of development. Such an amendment already has passed a public hearing and has been recommended to the supervisors by the county planning commission.

An earlier major recommendation of HOME for construction of 200 units of low rent housing was endorsed by Marin voters Nov. 3.

The report also recommends cities and counties give consideration to requests by housing sponsors for tax relief and zoning changes or variances, without which such programs would not be economically feasible.

The committee does not take a stand on exclusive retirement communities, citing reservations about the "social aspects of programs which segregate older adults from the general population."

Roger P. Garety was chairman of the committee, with Mrs. G. Stanleigh Arnold Jr., Irving D. Chapman Sr. and Francis P. Jenkins as vice chairmen.

Sleepy Hollow Man Rule Committee Clerk

Frank Reynolds of 140 Hidden Valley Lane, Sleepy Hollow, began working this week in the State Capitol as clerk to the Senate rules committee.

The committee is headed by Hugh M. Burns, (D-Fresno), Senate president pro-tem, with John F. McCarthy, (R-San Rafael) as vice chairman.

Reynolds works out of Senator McCarthy's office on the third floor of the capitol. He succeeds Alan Hill, who took a new job as legislative liaison officer for the Republican State Central Committee.

For the last four and one-half years, Reynolds was western director for the Republican National Congressional Committee. Before that, he was in radio and television work in the San Diego area. His wife is television announcer Nancy Clark.

Display Tells How Books Come To Be

"The Making of a Book," a display featuring materials loaned by Mill Valley librarian and author Richard H. Dillon, will be on display until Feb. 1 at the Redwood High School library.

Center of the exhibit is Dillon's book, "Merriwether Lewis, Biography." It is divided into 11 parts, each illustrating a step in the book's creation.

Starting with the author's first bibliography, the display traces his research to the point where notes are placed on tapes and microfilm.

In addition to rough and final drafts of the manuscript, the exhibit contains galley proofs used for editorial corrections, and rough sample copies of the book's pages and cover.

Dillon, who was born in Sausalito, is chief librarian at the Sutro Library, San Francisco. He lives at 3 Altamont Avenue, Mill Valley.

Student Award Deadline Near

Deadline for filing applications for the Benevolent Protective Order of Elks' "Most Valuable Student Award Program" is Feb. 11, according to James W. Fahrner of San Rafael, exalted ruler of the San Rafael Elks Lodge.

Two boys and two girls will be selected to represent the local organization in the program and will be eligible for the $1,500 national first award.

The san Rafael club also will award $200 scholarships to a Marin County boy and girl, he said.

George Renworth, principal of Bayview Schools, will review local applications, Fahrner said.
